## **6th coordinators' meeting, 19th January 2022**

### **Minutes**

1. Four partners took part in the meeting held at 19.00 in hotel. Italian partner joined the meeting online and explained their country Covid restrictions which make their travelling complicated. Italian coordinator expressed doubts about participating in future mobilities and hosting C4. They also consider the possibility of taking more pupils for future mobilities to compensate for their absence during C2 in Turkey.

All partners agreed to continue with mobilities schedule and to hope for more convenient changes in future restrictions.

2. Greece informed about preparations for C3 mobility and current and expected requirements for travellers to Greece.

3. Coordinators decided to discuss the participation in physical mobility C4 while in Greece.

4. Everyone commented that C2 arrangements couldn't be better.

There was also a quick reminder about completing Mobility Tool C2.

5. Spain commented on their implementing company project - output 14.

6. Greece plans C2 evaluation after everyone arrives home and has unlimited access to Internet.
