Kick-off partners' meeting, October 2020

XI Liceum Ogólnokształcące w Krakowie

1. Timetable:

- let's follow the schedule and create **outputs** according to the plan,
- project implementation should be **integrated** in regular school activities,
- mobility activities online should be simple and **feasible**,
- let's make **1 attempt** to postpone a mobility with **3 partners minimum**, consider summer months for travelling and group plane tickets for 10 participants for more flexible booking conditions,
- avoid making the same arrangements again and **repeating** the same work – keep your **energy and enthusiasm** for future tasks ;)

2. Participants:

- let's consider **recruiting** (if possible) 8 participants (4 boys and 4 girls) for 5 days (+ 2 days travel) of each mobility.

3. Follow-up:

- the planned activities need **modifications and changes** - each institution should design their own activities inspired and connected with project for sections 'Dissemination' and 'Other project events'.

4. Dissemination:

-each coordinator provides reports on **dissemination activities** held in their institution.

First implementation of this project was completed in ZSiPO Skala:
