## Culinary Heritage

During the second half of the month of March, students of English in the 2nd year of secondary education carried out a task which related our Erasmus+ project "Heritage for development" with the vocabulary and grammar included in our text books, which was food and modal verbs.

**UNIT 6: Healthy living**

Actividades de la unidad

- Getting organized | 3 págs
- Task 1: Reading | 3 págs
- Task 2: Modal Verbs | 3 págs
- Final product 1 | 3 págs
- Eating healthy | 4 págs
- Debate about heritage | 3 págs
- Our diet as heritage | 2 págs

This task included two final projects: A short video with a campaign to promote healthy habits; and a presentation about traditional dishes from the five partner countries.

It was a very interesting activity and we can't wait to participate in our mobilities, to visit those countries and try some of their most typical recipes.
