

Objective

You will create a Kahoot! quiz covering your favorite or best core class, using ten carefully crafted questions covering one your favorite topics from that particular class, and have at least ten players play and rate your quiz.

Assignment

1. Choose your favorite or best eighth grade core class.
2. Choose your favorite topic covered in class.
3. Your current teacher of that subject.
4. Using a Google Document, carefully craft ten questions using four answer choices with citations. Correctly title your your document.
5. Insert pictures that correctly correspond to the questions without giving away the answer into your document.
6. Sign-up for a Kahoot! account, and begin creating your quiz using the provided tutorial.
7. In your settings mark your difficulty, mark it school, and add tags and a description.
8. Have at least ten people take your quiz and rate it.
9. In Edmodo, post your answers to the provided questions, attach your Kahoot! link, attach your Google Document, and attach a screen capture of your Kahoot dashboard with your quiz stats.

Example

- Favorite Subject: Texas History
- Favorite Topic/Unit: The Alamo
- Current Teacher: Mrs. Wade

Kahoot! Quiz Project

Kahoot! Project Setup

Good (5 points)

- Choose your favorite/best 8th grade core subject (math, science, ELA, or history)
- Choose your favorite unit covered in that core class

Better (15 points)

- Use the above, plus:
- Create a Google Document to compile your research

Best (20 points)

- Use the above, plus:
- Name your document correctly, i.e.: 1 Johnston – Kahoot History Civil War
- Move document to a teacher-shared Keyboarding folder

Google Document

Good (5 points)

- Create ten questions with corresponding answers stating the correct answer

Better (15 points)

- Use the above, plus:
- Carefully craft those questions for medium difficulty with no more than two True/False
- Using the Google Research tool, add a picture corresponding to each question

Best (20 points)

- Use the above, plus:
- Each question & picture have a citation (at least 21 differentiated citations)

Kahoot Questions

Good (5 points)

- Create a Kahoot "student under 16" account
- Create ten Kahoot questions

Better (15 points)

- Use the above, plus:
- Add four answer choices to each question
- Select the correct answer choice
- Insert an appropriate picture for each question

Best (20 points)

- Use the above, plus:
- Set an appropriate timer for each question

Kahoot Settings

Good (5 points)

- Add a cover photo
- Set the difficulty level to an appropriate setting
- Mark it as school

Best (10 points)

- Use the above, plus:
- Add a description that explains your quiz
- Add tags appropriate to your quiz including Brenham Junior High, your name, subject, BJH, and BISD

Sharing & Posting

Good (5 points)

- Post your Kahoot share link in Edmodo
- In Edmodo in the response box, add:
Favorite Subject:
Favorite Topic/Unit:
Current Teacher:

Better (15 points)

- Use the above, plus:
- Attach your Google research document

Best (20 points)

- Use the above, plus:
- Attach a screen shot of your quiz's statistics and that it has been played at least ten times

Subjective Scoring

10 points

The last ten points are subject to the teacher's discretion in regards to quiz flow, aesthetics, appropriate questions and pictures, etc.
