"The Future of Art"
Art and technology

What is the **Future** of **Art**?

The **Future** will be familiar and "Deja vu"?

The **Future** will be "All possible"?
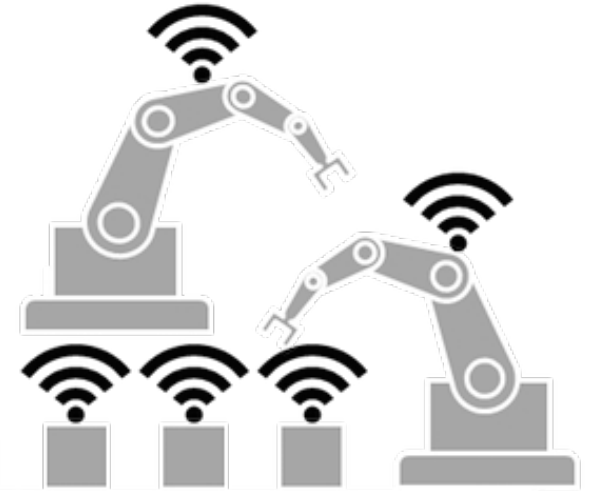

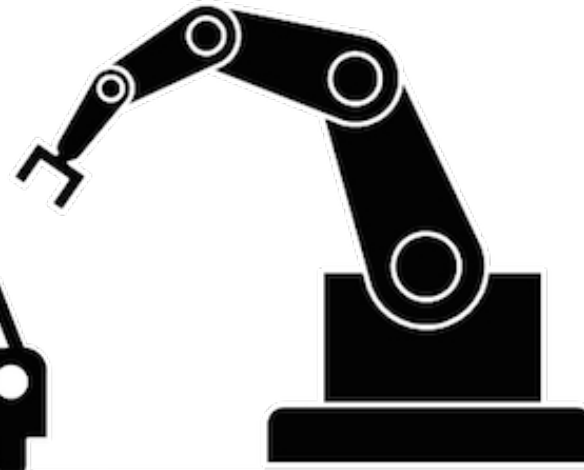

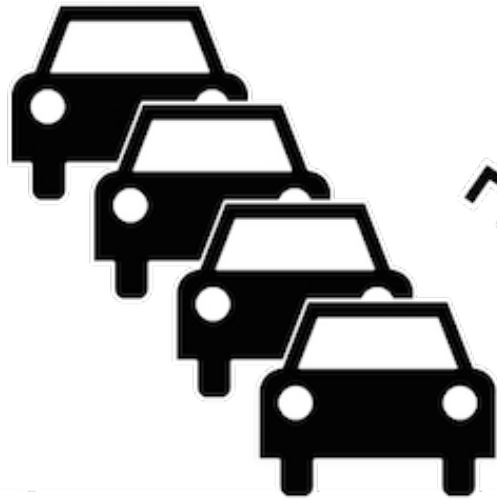

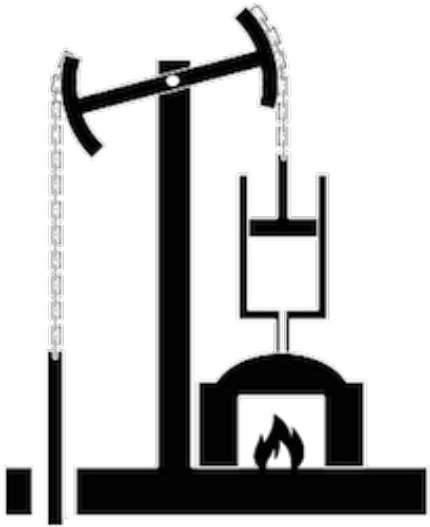

Will the **Future** be te same **Art** at a different time?

Before **Technology, Art** was a long term comitment and a process!

Everything is linked!
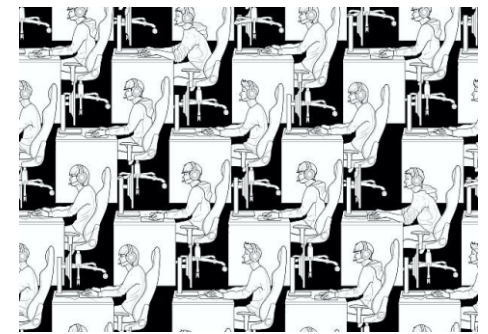

Technological evolution= **Art** evolution

Mechanization

Mass production

Computer and automation

Cyber Physical Systems

The ghost of the past!
Art vs **Technology**

Art as inspiration for **Technology**!

"Simplicity is complexity resolved"

Brancusi

"We control the machine, but at one point the machine controlled us."

Karim Rashid

Programing **Art** with **Technology**!
Coding **Art**
