Dear Sir,

I always loved nature and science, and i still remember that the firts time i take your magazine. I was like ten years old and i was walking with my dad when we pass near a kios, then i asked to my dad to buy me something, i didn't chose someone in particular so my dad choose for me, and he picked up a computer gaming magazine, in doing so he make fall a national geographic magazine. I picked up and i choose that one to buy.

And now like 8 years ago i'm still interested in the job that you do, and i would love to work for your company too.

I don't have any degree for the moment, but i really love photography and this passion don't want to decrease.

I would love to make photo for a big company as yours and try to astonish with my photo the readers of the magazine as i always get astonished when i look at yours-

I hope that my application will be considered.

Yours faithfully

Giuseppe Di Giovanni
