The Director of
"Gemelli Hospital"
Largo Agostino Gemelli, 8
00168 Rome

Dear Sir,

I'm keen in working for your Hospital like a nurse. It would be a honor for me helping out with all the work that has to be done there. I'd be available to work for a little period of time in order to gain some experience if that is required.

As you can see from the enclosed CV in 2018 I have degree in Health Biotechnology section. I had some working experiences in two different labs and I will have some others.

I'm unemployed right now but I'm going to some Office Apps classes. I've done the first aid course at "Croce Rossa Italiana" (Italian Red Cross)

The reason I'm writing you is that I'm interested in becoming a nurse and I want to make as many working experiences as possible. People say I'm hardworking and reliable person and I can work long hours. I'm able to work in a team and I cope well in difficult situation.

I hope you'll think about my request and that I'll be invited to an interview and I believe that I have the relevant skills for this position.

Yours faithfully,

.....
