

Hi, my name is **Johan Jahnke**,
I'm 15 years old and I live in Bremen.
I go now to the 9th grade in the St.-Johannis school.

Family
I live with my parents and my two younger brothers (10 years old and 7 years old) in a house in the centre of Bremen.

Hobbies
My hobbies are playing guitar, playing theatre and football in a team. I also like to do other sport activities like running, course run and surfing. One of my biggest hobbies is travelling. I have already travelled to many countries around the world and I've often also been to France.

School
My favourite subjects in school are of course English and French, but I'm also very interested in Geography and History.

My motivation
I would very much like to take part in the Erasmus+-project, because I like to speak other languages and I want to improve it further. I also like to meet new people from different countries. Not only am I interested in the schools but also in the customs and cultures of other countries.
