

Summary of my trip in Poland

Pierrick Jégou, lycée Mongazon

1 On the first day, we met at school and we left for a bike trip in the Barbarka forest. There, we made several activities as games together, a campfire... I really enjoyed it because it was an original activity, outdoors and we got to know each other better. When we returned to the downtown, we went bowling.

2 On Tuesday, we went to Torun's University, and there we presented our respective schools via videos or presentations, then a summary of mobilities in France and Germany. We had a lunch at the university canteen.

Then, I went with my partner at the "Invisible House", where we were in total darkness and we were like blind people.

In the evening, a party and a karaoke were planned in the school. It was pretty fun ! After that, we went to a bar to watch a football game.

3

On Wednesday, we played a huge board game in the school. In this game, we managed a company as a group and had to make the most profit. In the middle of the morning, the vice mayor of Torun and the education officer came to meet us. This Q&A session was really enriching !

In the afternoon, I did a laser game in a bunker, unfortunately my team lost it :(

4

On Thursday, we went all day to Warsaw, and in the morning we had a guided tour of the historical center. We had lunch in a restaurant then we went to the Warsaw Rising Museum, which was very interesting !

5

On the last day, we had a free time during all day ! So in the morning, I went with my partner to the House of Toruń's Legends, where we did fun activities. Then I was also able to buy souvenirs for my family and friends. In the evening, we had a farewell dinner at school during which we ate German, Polish and French dishes, we made an assesment of the Erasmus project and we danced all together.
