Subject : application for the sports doctor job offer

Madam, Sir,

I am writing to you in response to your sports doctor job offer which I am very interested in.

This is a remarkable opportunity for me to join your clinic as I just finished my medical studies. During my studying process, I already did an internship at your clinic in the emergency department which was very instructive thanks to the knowledgeable and benevolent team. Therefore, I would love to pursue this experience by joining your team.

I enclose my Curriculum Vitae for additional information. You can reach me any time by phone (+33783633336). Thanking you in advance for your time and consideration.

Yours sincerely,
Elise MANUEL
