	1) The insurance business		
Description of the activities	Please note that this topic has been dealt with in the presence and through distance learning. (DAD).		
	We began our lessons with a brainstorming activity on the notion of Insurance. The students who had previously met the insurers delivered a presentation on what they had learnt during the meeting.		

	2) An overview of the insurance contract In plenary the insurance contract was taught starting from the concept of insurance business. The basic elements of an insurance contract were drawn up with special reference to the notion of risk. This activity was done in the presence.	Questions were raised during the explanation. Final test on classroom through google forms.
	3) Insurance for damage/Insurance for civil liability/Life insurance Throughout our distance teaching experience and within a flipped classroom perspective, we gave lectures on the following topics: - Insurance against damage - Insurance for civil responsability - Life insurance	Questions were raised during the explanation. Final test on classroom through google forms.
	In the final stage of our work the students drew up a PowerPoint presentation and the following glossary on their specific field. It was uploaded on classroom and shared with the whole class. Insurance contract Insurer Contractor Policyholder
