

# YOU CREATE A FICTIONAL CHARACTER.

**BRAINSTORMING** What words do you think of when you hear « fictional character »?

**Creation of a mind map.** Dans les pays anglophones, schéma, supposé refléter le fonctionnement de la pensée, qui permet de représenter visuellement et de suivre le cheminement associatif de la pensée. Une *Mind Map* se construit comme suit : au centre le thème ou sujet de la *Mind Map* en image et en mots. Depuis ce centre, des branches en couleur irradient dans toutes les directions en portant les idées principales sous forme de dessins et de mots-clés. Ces branches irradient à leur tour vers des idées secondaires, en image et mot-clé, etc.
