# Agnes

Hello, my name is Agnes, I'm a girl and I'm 13 years old.

I go on the Langelinie school in 7th grade in Copenhagen.

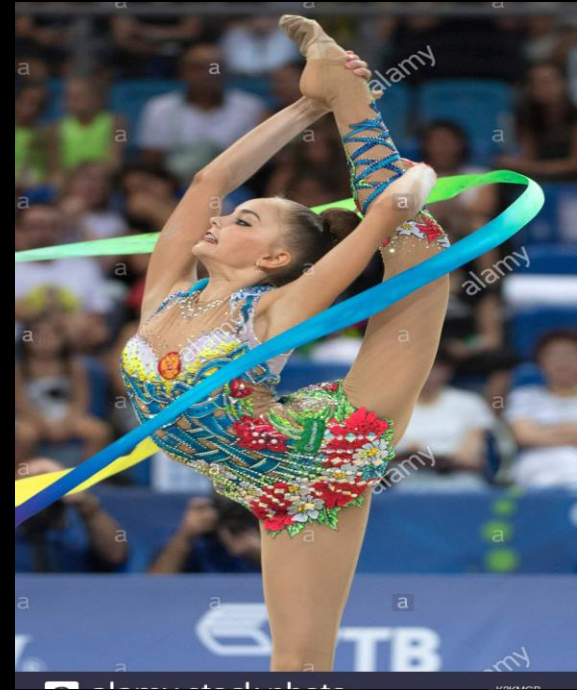

I live on Østerbro and on Amager (in Copenhagen), cause my parents are divorced. I have a big brother, who's 19 years old and I also have a dog.

I have blue eyes and light brown hair with curls and I'm not so tall.

My sport is rhythmic gymnastics. Not many other sports looks like it. It's a sport where you have choreographies with apparatus. Those apparatus are ribbon, clubs, ball, rope and hoop.

I started going to gymnastics when I was 7 years old. And now I train about 5-6 times a week – 12 hours each week. I'm very fascinated by the sport and love to train and get better.

My hobby is bullet journaling which I find very nice and I like to get my stuff organized. :)

# Nanna

Hi!

My name is Nanna, and I live in Denmark with my mom, my dad and my big brother. I'm 13 years old and I daily go on a school called Langelinieskolen in 7<sup>th</sup> grade.

I'm a girl with dark-brown straight hair and brown eyes.

I play piano, and I have played piano for almost five years now. I have a super great piano teacher. Something else I love is music. I love music in general both listening to it and making it myself. Almost every song I listen to are sad/depressed songs, but I'm not sad. I just think that songs like that, is the best songs, and strangely enough they still make me happy. But there are of course also some happy songs on my playlists. I also love being active and trying new stuff. E.g I like to play sports like tennis and volleyball with my friends. I don't go to volleyball or tennis, but I still think it is fun to play- especially when it's summer, and you don't have anything else to do.

I love to read. Every year I always put a lot of books on my wish-list. Some of my favourite books are "They both die at the end" by Adam Silvera and "We were liars" by E. Lockhart, but there are so many others. It's really hard to decide, because there are so many good books, I've read through the years and they inspire me to write my own stories.

I like to do something called bullet journaling. If you don't know what bullet journaling is, it's a mix between a calendar, a notebook, a sketchbook and a scrapbook. There is a lot of ways you can use your bullet journal, and you just must find the way that works best for you. I have a dotted notebook and in my bullet journal, I make a daily calendar, where I write all the tasks, I have to do for the day, so I don't forget something important. You also draw a lot in your bullet journal, and if you want to, you can also decorate your pages with stickers and washi-tapes. I also make a lot of trackers, and in every month, I come up with a new theme that I do for the whole month. The theme could e.g., be hot air balloons, flowers, cakes, buildings and a lot of other stuff. You decide what.

Last, I also love baking any kind of cakes and sweets, but also food- especially with my friends. I love using new techniques and to get better every time. And of course learning from my mistakes and at least trying not to do the same mistake twice.

:))
