Collège Joseph Calvet, Saint-Paul de Fenouillet, FRANCE

Collège Joseph Calvet is located in Saint-Paul de Fenouillet in the south-east of France. Our school is quite small with only 190 pupils and 16 teachers. Saint-Paul is well-known for its chapter house, its delicious biscuits called 'croquants' and its beautiful landscapes

11ο ΓΥΜΝΑΣΙΟ ΙΛΙΟΥ 11th Junior High School of ILION, Greece

A public lower secondary school, with 350 students of age 12-15, in an urban area as Ilion is a suburb of Athens. Very active with crosscurricular/extracurricular activities in art, ecology, entrepreneurship

Galati, Romania "Alexandru Ioan Cuza" National High School, Galati

The Alexandru Ioan Cuza National College is one of the most important schools in Galati, a city situated in the south-east of Romania, by the river Danube. Our school is very old - it was founded in 1864 and it is named after a very important historical figure, Alexandru Ioan Cuza, a Prince of Moldavia, a historical region of Romania and, later, ruler of the Romanian Principalities. He was a prominent figure of the Revolution of 1848 in Moldavia. He initiated a series of reforms that contributed to the modernization of the Romanian society and of the state structures.

Valmontone (RM), Italy ICS "CARDINALE ORESTE GIORGI" di Valmontone

Our school is situated in Valmontone, a small town about 40 km South of Rome. It's a lower secondary with about 400 pupils aged 10-14. We have been an eTwinning school since 2018.

School presentations

James Monroe High School North Hills California USA

James Monroe High School was established in 1958, from grades 9th through 12th. Our Mascot is a Viking and we have a total of 2,071 students. There is also a police Academy, Fire Academy, Army, Engineering & Design. We are located in San Fernando Valley, Los Angeles, California.

Séoul, Republic of Korea Jungwon Girls' Middle School

Located in Seoul, Jungwon has about 350 girl-students. We have worked on Global Citizenship Education for a long time and we belong to UNESCO school network in South Korea.

Hürth, Germany Ernst-Mach-Gymnasium

The Ernst-Mach-Gymnasium is located in Hürth, near Cologne in the western part of Germany. It is a secondary school which about 1000 pupils aged 10-19 attend. Our school was opened in 1963 and later named after the famous physicist Ernst Mach.

A' and B' Arsakeio Tositseio Junior High School in Ekali Greece

Our school is located in a northern suburb of Athens called Ekali. Our goal is to educate Global citizens with a Greek Identity, providing them with 21st Century Competences.

WEBRADIO INTERVIEW :
Students from Collège Joseph Calvet , Saint-Paul de Fenouillet interviewed several partner teachers about their school, the pandemic and also etwinning projects . Here are some extracts!

French students: Good morning, Mrs Matijakovic. How many of your student are involved in this project?

Lana Matijakovic: There are 15 pupils in this project, in this IDEAS project but not all of them are equally active. Some of them do the tasks as who are soon as I ask them and there are some who are lazier and I have to remind them of the tasks. They are in 7th grade and we have three 7th grades in our school . They are all 12 and 13 years old

French students: Good morning Mrs Wenzel, do you think this project is interesting for your students ?

Inga Wenzel: Yes, I think this project is interesting because my students learn and learn a lot about other countries and all these different special days ..., what the other students think about them and also they were interested in the different insights they could get in other cultures and in your countries for example;.. they love the different posters and quizzes as well

French students: What is your favourite etwinning project so far ?

Zaina Smare: All the projects we participated in were all fun and rich with interesting information and creative ideas. We learnt a lot from them and each project was unique but if I had to choose one I would choose last year project 'World investigation ' first because we learnt a lot about other countries' cultures , from the concerned countries and from the people of the countries themselves. We were learning from an authentic source. We shared some ideas with those countries and we had a chance to correct wrong ideas we had about their cultures. it was a good way to learn from them.

French students: Good morning Mrs Gaiu. Are you online teaching or teaching in class?

Mariana Gaiu: At the moment I am teaching both online and in class. In fact,in Romania schools have to follow one of the three scenarios authorities have thought of , namely the green scenario which means all the students go to school ,the yellow scenario in which kindergarden

primary schools students, 8th graders to the twelfth graders go to school, and the red scenario in which teaching is done online for everybody. Schools have to follow one of the three scenarios according to the number of covid cases existing in their area. It so happens that one school can function a few days in one scenario just to switch to another scenario the next day. It is quite bewildering for everybody

French students : Hello, Mrs Hong. How do you handle the pandemic situation in your school ?

Yunbinn Hong ... In our school we have a limited number of students and the rest of the students take online classes at their home. For online classes we usually use zoom to meet our students in real time. Also at school we take our students' temperature at least two times a day. We keep our windows open and of course everyone in the school building is wearing a mask. Also we put some panels at the students' cafeteria to make students' meals a little bit safer

French students: Hello Mrs Zafeiropoulou, do you prefer online teaching or teaching in class ?

Athanazia Zafeiropoulou:

Of course I prefer face to face classes and this is for many reasons. One reason is that my students don't have all of them their adequate equipment to follow online classes. Some of them have just one smartphone or just a tablet and not a laptop or desktop computer and this makes things hard for me to guide them, to teach them online tools or to follow what they are doing with their device. One other reason is that I cannot be sure of what they are doing during our online synchro because they are not allowed to have their camera open and they just and I can't watch their step they are at certain moment so it is very difficult for me to follow them or to answer their questions and it is very difficult and also very time consuming to prepare

French students also interviewed our American partner Angie Haddad from James Monroe High School, California for their language school magazine

French students : How many teachers and students are there in James Monroe High school ?

Angie Haddad: We have about 2,100 students and there are 39 students assigned to 1 teacher

French students: Which foreign languages can they learn?

Angie Haddad: Spanish, Tagalog and French. There are also independent clubs such as : Armenian Club and Italian Club

French students: How do you feel about the pandemic restrictions ?

Angie Haddad: Only 20 percent of students are returning to campus and under strict rules. Every student needs to take a test weekly and they have to have an app on their phone where their Covid-19 tests are posted. They have to have their temperature taken before they enter school. Additionally if their Covid Test has expired (valid for one week) students will not be allowed to enter campus. During lunch students have to sit 6 ft apart from each other. They are going to be confined to one room for the entire day (homeroom) and the teacher will be teaching online to other students. Students have 2 options (to learn Online the entire time or Hybrid, which requires students to be in Campus twice a week).....

Celebrating the European Day of Languages!

The European Day of Languages (EDL) was first celebrated in 2001 during the European Year of Languages.

At the end of this campaign the Council of Europe's Committee of Ministers decided to make EDL an annual event, to be celebrated each 26 September. Every year, millions of people in the Council's member states and elsewhere organise or take part in activities to promote linguistic diversity and the ability to speak other languages.

source <https://www.coe.int/en/web/portal/26-september-european-day-of-languages>

IDEAS partners celebrated the European Day of languages doing several activities:

- Creation of a multilingual survival kit
- Creation of an international Little Prince Ebook with favourite quotes in different languages and English
- guess the language quiz with language quotes
- Interesting facts in our languages ebook

Some language quotes chosen by the partners

“Ἔστι δ’ ἀρχὴ τῆς λέξεως τὸ ἐλληνίζειν.” The Greek language is the origin of other languages. (Quote by Greece)

Si vous parlez à un homme dans une langue qu'il comprend, vous parlez à sa tête. Si vous lui parlez dans sa langue, vous parlez à son cœur. If you talk to a man in a language he understands, that goes to his head. If you talk to him in his language, that goes to his heart. (Quote by Mandela, France)

Nauci novi jezik i dobit ceš novu dušu. Learn a new language and get a new soul (Czech proverb by Croatia)

Tí, ktorí nevedia nič o cudzích jazykoch, nevedia nič ani sami o sebe. Who know nothing about foreign languages do not even know anything about themselves. (Quote by Goethe, Slovakia)

Per ogni lingua che si estingue scompare un'immagine dell'uomo. For every language that becomes extinct, an image of man disappears. (Quote by Octavio Paz, Italy)

A învăța o limbă înseamnă a avea încă o fereastră dinspre care să privim lumea. To learn a language is to have one more window from which to look at the world. (Chinese proverb by Romania)

Language is one aspect of creativity. (Quote by Abdellah Alaalyli by Morocco)

Imagine you want to travel to one of our partners' country... Here is our survival kit to communicate more easily in different situations!

Our American partner suggested words and phrases and each team added the translation on a collaborative board to create a multilingual survival kit.

The following topics were chosen:

- Greetings / Be polite!
- At the airport/ in the taxi
- At the restaurant
- At the hotel
- At the doctor's
- Respect covid rules
- In the USA

Traditional breakfasts

Different countries have different breakfasts. What do our pupils eat in Croatia? They took photos of the breakfasts and added short descriptions. Many of them are international (pancakes, bread and jam, cornflakes). Some are traditional: BUREK (a pastry filled with cheese and then baked) and ČVARCI (pork cracklings: roasted or fried pork rind). This is usually eaten with AJVAR (a vegetable relish). Other activities on the topic of food included the description of breakfasts and lunches eaten at school canteens; creating posters on healthy food; creating questions for the survey and answering it; creating a padlet with recipes of world dishes.

What's for breakfast?

Chocolate Chip Pancake

1. 4 tablespoons (1/2 stick) unsalted butter
2. 1 cup whole, 2 percent fat, or 1 percent fat milk
3. 1 1/4 cups flour
4. 1 tablespoon sugar
5. 4 teaspoons baking powder
6. 3/4 teaspoon salt
7. 2 eggs
8. 6 ounces semisweet chocolate chips, or less to taste
9. Butter, for cooking

▲ Cevapcici from Croatia

It is made of pork, beef and vegetables. Cevapcici is very delicious because it is made of pork and beef and baked on the grill. Many people enjoy eating this. Also, other countries eat Cevapcici too. Almost every restaurant in Croatia sells Cavapcici. **by Chanseo**

▶ Vasilopita from Greece

Greece eats traditional Greek cake on the morning of New Year's Day. It is Vasilopita. A piece of cake contains a coin or small accessory. There is a custom that a person who eats this piece is to be believed lucky for all year round.

▼ Pottery Kebab from Turkey

This food is in a pot. To eat it, you should break the pottery. It takes at least 4 hours to make this. So you can say this is a type of slow food. There are several vegetables and meats in it. It is a warm stew so it's very good in winter. **by Minji**

◀ Chicken Noodle Soup from the USA

It is a winter food in America. I first got to know this food by the song of J-Hope of BTS. It is a food made with chicken, egg noodles, and various vegetables. Americans eat it when they catch a cold or get sick. It has been made since 12th century. **from Chaeyoung**

Fun Things to Do at Home During Covid-19

Dalgona(Sweet) coffee

Because of the COVID-19, people spend lots of time at home. But people are getting bored over time. So some people are coming up with fun things to do at home. Dalgona coffee It was first introduced in a Korean TV show 'Peunstaurant(편스토랑)'. The panel went to a small restaurant in Macau and the owner made it for him. To make the coffee, we just need three things. Coffee powder, sugar and hot water. First, pour the same amount of coffee, sugar and hot water into the bowl. Next, mix it together until the mixture becomes foamy. Many people say they have beaten the mixture more than 1,000 times. Lastly, put the mixture on the top layer of the cup of milk. Then you can enjoy the delicious coffee.

Doing needle work

You can learn embroidery by watching YOUTUBE or BLOG. There are many kinds of embroidery. For example, French embroidery, jewel cross and cross stitch. So you can choose what you want. When you finish your own needlework, you will feel satisfied.

Gwak, Minseo Jungwon Girls' Middle School, Seoul, South Korea

It's not easy to stay at home all the time. But since COVID 19, we tend to spend more time at home. Here are some ideas for you!!

Home Training

Many people stay at home all day, so some people are worried about gaining weight. So they started to exercise at home. On youtube, there are many videos about home training, so I recommend starting training if you are worried about your weight. There are more things to do at home, so I recommend you to search for it. Covid-19 is a terrible situation, but I think it is also a chance to find a new hobby. I hope you get through this situation well at home!

Safer Internet Day 2021

Tuesday
9th February

Safer Internet Day has become a landmark event in the online safety calendar. Starting as an initiative of the EU SafeBorders project in 2004 and taken up by the Insafe network as one of its earliest actions in 2005, Safer Internet Day has grown beyond its traditional geographic zone and is now celebrated in approximately 170 countries worldwide. From cyberbullying to social networking to digital identity, each year Safer Internet Day aims to raise awareness of emerging online issues and current concerns.

Omni cât trăiește învață
In doing we learn
Romanian proverb

Αυτό που είναι καλό να γνωρίζουμε είναι δύσκολο να μάθει
What is good to know is difficult to learn
Greek proverb

Sharing proverbs about nature

Write a proverb or a saying about nature, spring -

1. Une hirondelle ne fait pas le printemps. (FRANCE)
ONE swallow doesn't make the spring.

This proverb means that even if we see one swallow in the sky it doesn't mean that the nice spring days are back. It also means that ONE only does doesn't prove anything. You need more evidence to get to a conclusion.

2. **En avril ne te découvre pas d'un fil, En mai fait ce qu'il te plaît.** (FRANCE)
In April don't remove any thread. In May do as you please.

This proverb means that it can still be cold in APRIL, so just wait for MAY to wear lighter clothes... otherwise you will catch a cold.

3. **Une hirondelle ne fait pas le printemps.** (FRANCE)
ONE swallow doesn't make the spring.

4. **En avril ne te découvre pas d'un fil, En mai fait ce qu'il te plaît.** (FRANCE)
In April don't remove any thread. In May do as you please.

Poetry and Earth Day

To celebrate Poetry day and nature we created a common google slide about proverbs and shared ideas on a padlet about the beauty of nature .

example : What is the equivalent of the **FRENCH** proverb ' Une hirondelle ne fait pas le printemps..?'

GREEK Ένα περιστέρι δεν φέρνει την άνοιξη (this proverb as an exact translation of the French one really exists in Greek)

ITALIAN Una rondine non fa primavera (Giorgia 3C-Valmontone)

CROATIAN Jedna lasta ne čini proljeće.

KOREAN 제비 한마리가 왔다고 해서 봄은 아니다. (I guess Koreans really don't have the exact proverb like this, but since we know that there is one saying like this in English. People understand the meaning.)

ROMANIAN Cu o floare nu se face primăvară.(translation: One flower doesn't make a spring)

ARABIC إن سنونو واحدا لا يصنع الربيع.

GERMAN Eine Schwalbe macht noch keinen Sommer.

ENGLISH One swallow does not make a summer.(English proverb)

UKRAINIAN Одна ластівка весни не зробить.

LITHUANIAN Viena kregždė nepadaro pavasario.

SLOVAK Jedna lastovička leto nerobí.

DANISH En svale gør ingen sommer

Proverbs were illustrated by students from the other countries.

POEMS ABOUT NATURE

COLEGIUL NAȚIONAL ALEXANDRU IOAN CUZA GALAȚI, ROMANIA

For all who are afraid to answer to their call
Live. Let's bask in the surreal splendor.
Over and over again nature is the one that proves:
Wishes do come true.
Every flower has a song
Remain there and sing along
Send your mind wandering into the beauty of the
Earth

Bianca Madălina, Romania

Beneath this ocean sky, I wish I could stay forever
Unaltered scenery of Mother Earth
The beach, and its shining sands
Trying to memorize by heart this yellowish blue
landscape
Enjoying August evenings when the sky sets on fire
Rivers of salty breeze flooding my lungs
Feeling free, dancing with the waves
Letting my worries by the shore line
I live for that starry summer nights
Escaping from the reality
Sitting quietly and dreaming to the whole wide
world

Andreea , Romania

Saw the beauty of nature
Using the fireflies to enlighten the way
Moving into the unknown
Much clearer way than during the day
Energy is all around
Rain is on the ground

The time has stopped
In this night walking barefoot on the grass
My eyes are exploring every detail
Escaping the boredom of every day.

Lavinia, Romania

Never-ending beauty
All above my head
The secrets of the sun's glow
Uncovering greatness
Rivalling the fragile
Existence

Daria, Romania

Nature is coming back to life
An ant will be searching for a wife
Trees will have green leaves again
Umbrellas are forgotten in storage by a
man
Rain will not make us wet again because
Everything come is alive as the love was.

Alexandru, Romania

Summer will be back in 3 full moons
Panties will become short soon
Return of the sun makes me happy because
I will get as tanned as I was
Nothing can stop me from being happy
Gorgeous weather has been announced with
accuracy

Alexandru, Romania

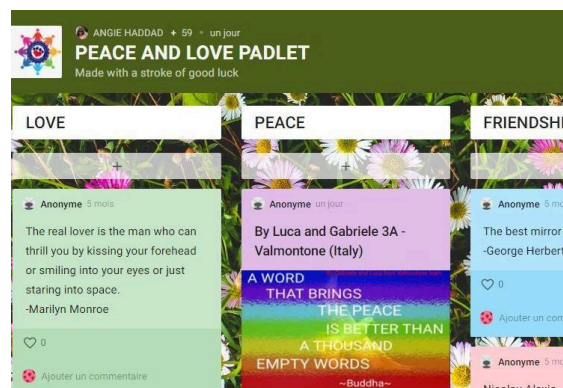

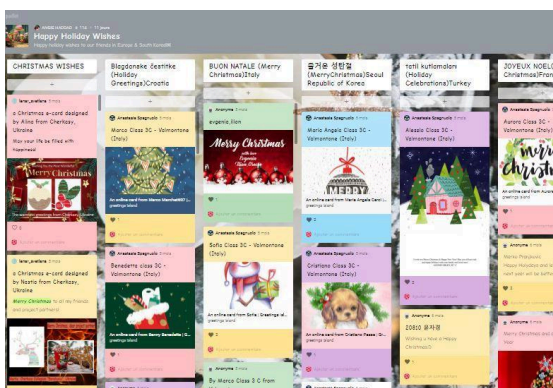

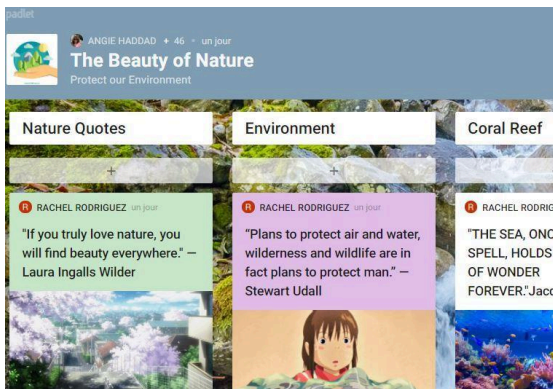

Tremendous work for a life
that's about to bloom
Unrecognizable accessories
people never forget
Like the stars of the light blue
sky
I even cannot describe the
beauty of this picture
Presents coming beneath the
surface to show people that
Spring is alive.

HOW GREEN ARE YOU?

HAPPY EUROPE DAY!!!

PEACE

Europe day is celebrated on 9th may each year. This date recalls the day in 1950 when Robert Schumann presented the Economic Cooperation plan. His idea of him was to create a production of steel and coal. Schuman's proposal is considered the birth certificate of the European Union.

Europe Day held on 9 May every year celebrates peace and unity in Europe. The date marks the anniversary of the historic 'Schuman declaration'. At a speech in Paris in 1950, Robert Schuman, the then French foreign minister, set out his idea for a new form of political cooperation in Europe, which would make war between Europe's nations unthinkable. To celebrate Europe Day, the EU institutions traditionally open their doors to the public in early May. Local EU offices in Europe and all over the world organise a variety of activities and events for all ages. Each year thousands of people take part in visits, debates, concerts and other activities to mark the day and raise awareness about the EU.

HAPPY eTWINNING DAY

eTWINNING DAY AND EUROPE DAY MAY 9th 2021

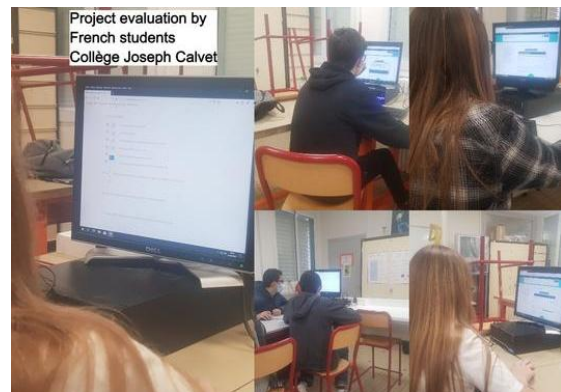

To celebrate Europe and eTwinning Day students enjoyed doing a lot of activities. They read some interesting facts about European Union and Europe Day celebration, realized handmade and digital drawings, expressed their favourite things about the EU and created games.

Our students' words

We had a final evaluation by teachers and students but voluntarily more feedback was offered by the partners.

To evaluate the project, students also shared their impressions on an answer garden wordcloud .

What about you ?
