Lucia, Cristina and Sofia went to a shopping centre in Merida and enter in a clothing store. Cristina saw a beautiful skirt. It cost 150 €. Sofia found a pink backpack that cost 40 € and a pair of shoes that cost 80 €. But Lucy didn't find anything suitable.

Cristina had 200 € and got a 25% discount on her purchase and Sofia had 150 € and got a 50% discount.

1. How much did Cristina spent and how much left over?

2. And Sofia?
