Young Historians of Europe

Erasmus+ project 2018-2020

- ❖ Through the participation in this two-year programme under the auspices of Erasmus+, our school is providing a unique opportunity to its students to participate in this endeavour of cultural celebration and increased historical awareness on a European dimension.
- ❖ Our students have so far visited 4 regions in Europe: Taranto, Italy; Cappadocia, Turkey; Porto, Portugal and Barcelona, Spain. We will also be visiting the island of Corfu, Greece in May 2020. During these visits pupils engaged themselves in workshops focusing on the historical and cultural heritage of these countries while making new friends.
- ❖ Discovering the values we share as Europeans as well as experience each other's cultural diversity. In March this year, we will be hosting students from these 5 regions showing them our own national historical and cultural treasures, food and culture.
