Describe how will be the public transport in 2030 - 60 answers

uguale (2)

I trasporti pubblici saranno macchine elettriche (2)

In 2030 cars will be driven by computer (2)

Mini autobus non inquinanti (2)

bus

There will be metropolitans electrics

Flying machine

the flying buses. It has got 70 seats and it go with solar energy

train

Piedi

not expensive and non-polluting

Bus elettrici e gratuiti

in time , clean

Autobus

Fling car

Not

È una macchina che ha un tubo che assorbe i gas e li trasforma in carburante gli interni saranno di pelle e si

guiderà da sola come dice il TG

motorbike

In 2030 will be electric

Tutte le macchine nn avranno le ruote ma voleranno sopra 50 cm dalla strada

for me, public transport in 2030 will be with buses powered by electricity

I don't know

Taxi

IL TRASPORTO PUBBLICO NEL 2030 SARÀ SICURO ,SPAZIOSO E TECNOLOGICO

An airplane

Very very useful for humanity

Immagino che ci saranno più mezzi che usano le energie rinnovabili per muoversi.

Motorbike

Public transport in 2030 will be less polluting comfortable and faster

Bhoo

auta con dei cofani strani

bellissimo

free comfortable and non polluting

In my opinion the public transport in 2030 will be all Flying. Some public transport will be tied , guided by a rope , comfortable , large , with a TV , with armchair and with games console.

Elettrico...un autobus non inquinante e silenzioso... Per il comfort con molti accessori che sembrerà di essere in una stanza di casa, non in bus

Macchine volanti

With air plane

futuristic

the means of transport must be hydrogen in order not to pollute

Very important

Autobus spaziosi e confortevoli

comfortable,equipped

means of trasport eletrical

Airplans

in 2030 the public transport will be on electric machine

Train

comfort, secutity, non polluting, spcious spaces, entertainment and free service.

elettrici e senza autista

hoverboards

Macchina

very beutiful and forefront

confort

the public transport in 2030 the will be without steering whell

The transport will not be polluting but at the same time versatile and for everyone

The fly car

in my opinion it will be more intense and evolved.
