

My Impressions about the Mobility in Cyprus

This experience was beautiful, interesting and I was pleasantly impressed by the reception I received from the family that hosted me.

I visited several places, the most impressive was Paphos Castle. I also liked the activities in which I participated, especially the painting of the T-shirts. The food was tasty, especially Halloumi cheese and Cypriot bread.

The activity of the school is similar to that of my school with very welcoming colleagues and teachers.

After this beautiful week, full of memories, I return to my normal life with the desire to repeat this experience.

Antonia Ana Teușan, pupil in „C-tin Noica” High School Sibiu
