

My first mobility in the Erasmus Folklorica project [Gran Canaria, Spain]

After a very long flight from Otopeni Airport to Gran Canaria, we finally arrived. The host families welcomed us with open arms. Even in text, my host asked for my preferences and made sure I was comfortable in their house. After I had arrived we went to the mall to eat. They asked me questions for us to get to know each other and get along well. After we had eaten, we got home and they showed me their house; it was very beautiful and clean. I took a shower and then went to bed. I was already very comfortable with the family.

In the mornings, we had to wake up at 6:30 a.m. to go to school. My host's mum prepared breakfast and brunch to take at school for us every day. After school, we would usually eat lunch at home and then visit around the city and its surroundings. On the last two days I stayed there we went out with the other guests and their hosts, and we went to a picnic or the beach to play volleyball.

When we got home after visiting, my host and her sister would usually eat dinner and tell the parents about our day.

Overall, the family was very nice and caring. It was an amazing experience, visiting the city, being with the family every day, seeing their daily routine and getting to know each other. I enjoyed my time with them and I hope I can visit another time for holiday.
