

We have to switch off the light.

Is very important plant trees and vegetables

If you use disposable glasses
you kill trees

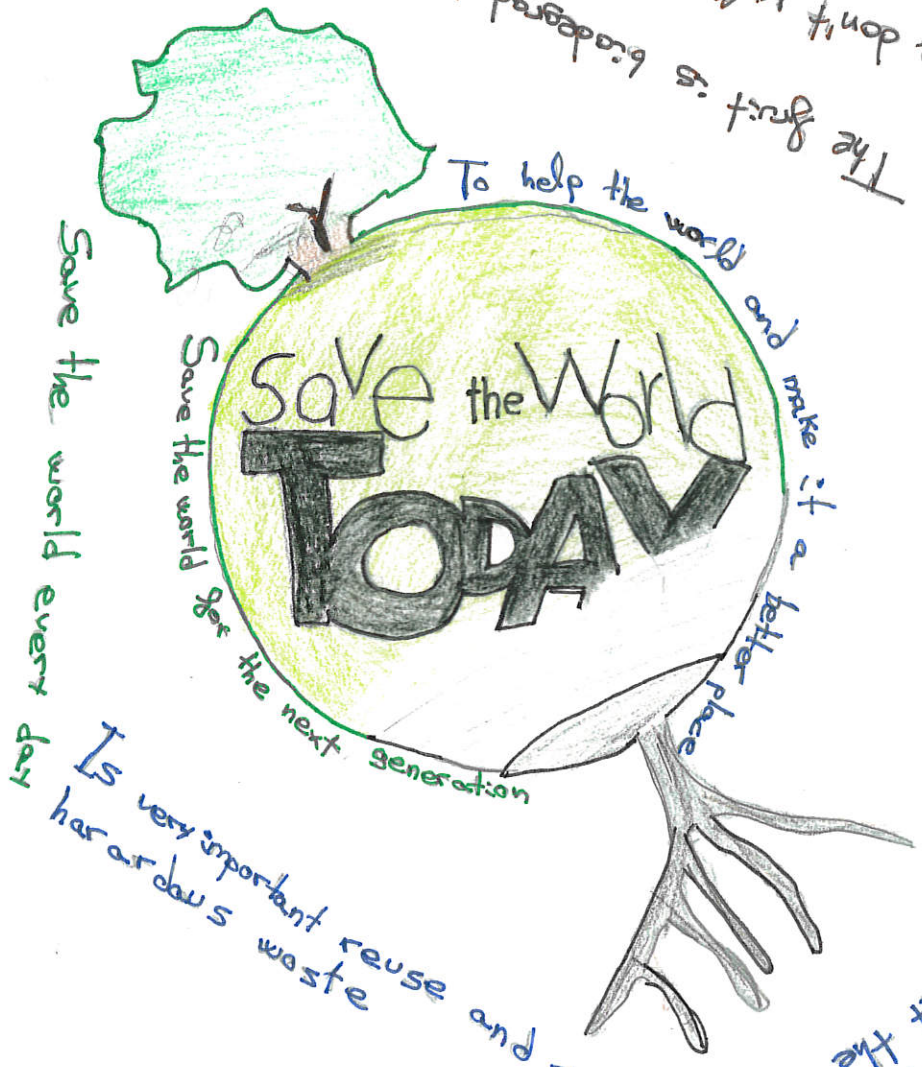

Reuse organic items.

Plastic kills fish

The plastics aren't biodegradable
Plastic damages
Sagorap

We don't kill tree
The fruit is biodegradable

We need natural resources
If we plant trees we have more oxygen

Save the world every day

Save the world

Save the World
TODAY

for the next generation

To help the world and make it a better place

Is very important reuse and reduce
harardous waste

Harardous waste
destrukt the world

We recycle paper and plastic bags

We must recycle
We not need cars, are
harardous waste
We didn't throught cans

Reuse the newspaper in the world

We need to use organic bags

late

MIND MAP

- * To help the world and make it a better place * * Save the world for the next generation *
- * If you use disposable glasses you kill trees * * If we plant trees we have more oxygen *
- * We have to switch off the lights * * We must recycle * * We need to use organic bags *
- * Plastic kills fish / Plastic damages biodiversity * * We recycle paper and plastic bags *
- * We have to use plastic bags *
- * Protect the ecosystem without contaminating *
- * Clean the beaches for the environment *
- * We should avoid endangered animals *
- * It's important to reduce the amount of rubbish * * If we destruct the environment, we destruct home *
- * Planting trees helps us preserving the biodiversity * * Humans should recycle plastic because it kills fish *
- * We have to buy efficient products to save energy *
- * The 3 R's are very important: reuse, reduce and recycle.
- * Traffic jams pollute our cities * * We need avoid plastic bags *

* We reuse the paper and the plastic bags *

* Making compost for the plants *

* Save energy so you do not spend much *

* We should prioritize renewable energies because they are a source of clean energy *

* Humans should recycle plastic because it kills fish *

Trade

- to help the world and make it a better place.

- save the world for the next generation.

- If you use disposable glasses you tell trees.

- If we plant trees we have more oxygen.

- We have to switch off the lights.

- we need to use organic bags.

- we must recycle.

- Plastic kills fish.

- We recycle paper and plastic bags.

- we have to reuse plastic bags.

- Reuse plastic cups do not throw them away.

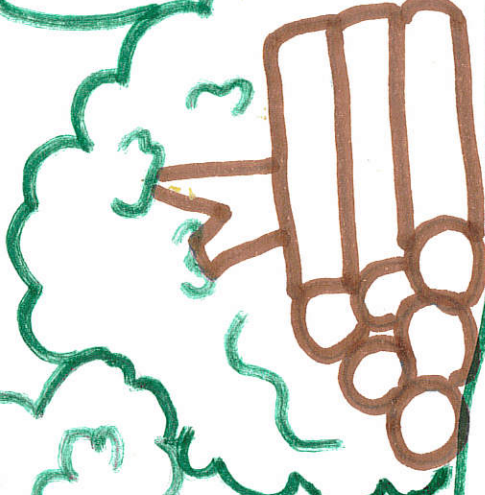

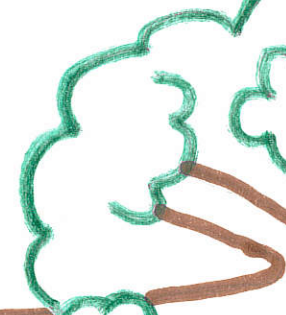

- Destroy the environment is not good for anyone and less for the world.

- Recycling is good.

- Be green.

- Do not litter the beach. Kill animals.

- Recycles plastic to avoid damaging the environment.

- Reuse bottles to avoid contamination.

- To reduce pollution, do not throw things on the ground.

- Save energy so you do not spend a lot of electricity.

- Pollution kills thousands of people a day.

- Protect the ecosystem where you live will be better for the world.

- Recycle paper and the newspaper.

- Have a green life helping the environment.

- Plant plants and trees to have a better world.

- It is organic to save nature.

CLEAR THE BEACH OF THE PLASTICS
 WE HAVE TO SWITCH OFF THE LIGHT
 REUSE PLASTIC BOTTLES
 REDUCES WATER CONSUMPTION AT HOME
 WE NEED TO USE ORGANIC BAGS

WASTE

TAKES CARE OF THE ENVIRONMENT NOT USING MEANS OF TRANSPORT LIKE THE CAR.

REUSE CLOTHES FOR DIFFERENT THINGS

IF WE PLANT TREES WE HAVE MORE OXYGEN

RECYCLE, REUSE, REDUCE, RENEW, SAVE THE EARTH.

USE CLOTH BAGS AND NOT PLASTIC

WE MUST RECYCLE

REUSE OBJECTS, WITH THEM ART IS MADE.

REPAIR OBJECTS BY REUSING OTHERS.

PLANT TREES TO HELP THE ENVIRONMENT

WE RECYCLE PAPER AND PLASTIC BAGS

THROW EACH MATERIAL INTO THE CONTAINER THAT BELONGS.

TO HELP THE WORLD AND MAKE IT A BETTER PLACE.

WRAP SANDWICHES WITH CLOTH AND NOT WITH ALUMINUM FOIL
 REDUCES CONSUMPTION OF RAW MATERIALS AND ENERGY

SAVE THE WORLD FOR THE NEXT GENERATION

SAVE ENERGY BY TURNING OFF THE LIGHTS YOU DON'T NEED

ZERO

REPLACE THE THINGS THAT CAUSE TO POLLUTE THE AIR

WE HAVE TO USE PLASTIC BAGS.

IF YOU USE DISPOSABLE GLASSES YOU KILL TREES.

RECYCLES PAPER, PLASTIC, GLASS, METALS AND ORGANIC MATTER
