

My project: Exhibition in school

1. Short description of project (What? Where and when? Why? Who? ...)

- a project for the examination
- one year (september 2017 - july 2018)
- in our school

2. Main goal(s) and objectives (What do you want to achieve?)

- we want to make an exhibition about ~~the~~ the sixties and about the year 68. It's for ~~the~~ the anniversary (50 years) of our school
- the exhibition should be a living room with furniture of the year 68. Every furniture present one theme (sexuality, music, fashion, education)

3. Project team (Who is part of the team?)

- one teacher
- and 17 students from class eleven

3. Project plan (Who does what and when?)

See project plan worksheet

4. Resources (What do you need?)

- clothes (two dresses)
- a cupboard
- pictures
- information about the fashion

5. Constraints (Which obstacles might get in your way?)

- the work ~~together~~ together in a group
- the time management
- to find some dresses and pictures

6. Evaluation (Did you achieve your main goal? What went well? What went wrong? Which difficulties did you encounter? How did you solve them? ...)

It was a bit difficult but we got ready for our exhibition.
We became help from our teacher and didn't have big problems to find the things.
