

Erasmus+ “Work in progress – My logbook“

(Name)

Dear student,

in order to keep track of your project work you should keep **a logbook**. For each day, please

1. describe what you did on that day (activities, workshops, excursions...).
2. sum up what you have learnt about the topic “The world of work”.
3. describe and evaluate your project work, i.e.
 - a) which steps you have already taken, and which steps you still have to take (see project plan) and whether your project work is going according to your set project plan.
If not, what could you do to solve the problem(s)?
 - b) your team work, e.g. your cooperation, your communication.
In what way is it going well? What could be improved?
 - c) what you have learnt in terms of project work.

Illustrate your logbook entries by adding e.g. pictures, photos, extracts from brochures, used tickets.

Of course, you can keep an online logbook.

Monday, 26th November 2018

All the Erasmus people met in the library and were welcomed by the head teacher. Then the scottish students showed us their school. After that we had time to work on our presentations. When we were finished we walked around Peebles to see some of the “sights”. In the evening some of the Erasmus people went to a chinese restaurant.

On that day we didn't really talk about the world of work, but the workshops and the panel discussion were still in front of us.

We also met in the library and started with workshop 1. That means that we were put into groups in which at least one student of every country was represented. We exchanged information about part-time jobs in our country and talked about our own experience. We came to the conclusion that almost only the scottish people have a job and none of the students from Estonia, Finland, Italy and Germany.

After that we went to the Enterprise Fair that took place in the Assembly hall. The students of Peebles High School had the possibility to have a stall there where they could sell for example self baked cookies or books etc. and either use the money they made for themselves or use it for charity. After a short break we did the second workshop. Every country held a presentation about part-time jobs in their country. Again we could see that it's only in scotland really common to have a job when you're a student.

After the presentations we had free time in which me, some other germans and their hosts went to a cinema.

Wednesday, 28th November 2018

On Wednesday we met again in the library and some representatives of local businesses came to the high school and then the panel discussion took place. From every country there were one to two students who summed up all the information of the presentations from the day before. Then the representatives introduced their companies and answered some questions all students could ask. They also gave us tips how to choose wisely and prepare for the world of work.

On Thursday a bus took all the Erasmus people to Edinburgh where we visited Edinburgh castle. We had the chance to look around by ourselves to get to know some of scotland's history. Then we had free time to go shopping or to explore Edinburgh. In the evening we walked through a german christmas market where you could buy many german things to eat and to drink.

In the morning we made groupswith at least one student of every country and created brochures where we wrote comments about what we liked in Scotland, what we didn't like that much and what we would improve. After that all the Erasmus people had dance lessons in the gym hall where some younger Scottish students showed us some Scottish dances. We learned them as well and in the evening at the Ceilidh we all enjoyed to dance the dances we just learned that day. This festive evening was our last and there were tears when it was time to say good bye.
