

My project: Art lesson on an elementary school

1. Short description of project (What? Where and when? Why? Who? ...)

Art lesson on an elementary school for the 4th class with Lea Finsterwalder and Vanessa Brixle, for my seminar lesson at the "Wasenäckergrundschule" in Scharnhausen at the 5th of February 2019

2. Main goal(s) and objectives (What do you want to achieve?)

Teach the Students how they can make their own carnival masks based on animals

3. Project team (Who is part of the team?)

Max Schmidmeister, Lea Finsterwalder, Vanessa Brixle, Ms. Brosig, Mr. Dengler

3. Project plan (Who does what and when?)

See project plan worksheet

4. Resources (What do you need?)

Blackboard, chalk, example masks, magnets, paper plates, coloured paper, watercolours, glues, brushes, scissors, pencils

5. Constraints (Which obstacles might get in your way?)

That the students might not be able to understand what the goal of our task is and that the time I have could be too short.

6. Evaluation (Did you achieve your main goal? What went well? What went wrong? Which difficulties did you encounter? How did you solve them? ...)

I could achieve my main goal, that at the End of the lesson everyone had their own mask to wear. Some Students didn't know how they could glue some things on the Mask, so I had to tell each of them how they could do it.

Another problem was that the time was slightly too short so I had to clean the classroom myself to solve this problem.
