Wednesday, 3rd October 2018

We started our trip at 9 o'clock in the morning. Our first flight was from Stuttgart to Frankfurt. There we had to wait 2 hours for our next flight to Tallinn. At 7:00pm we arrived at the airport and then we took the bus to the hotel in Tartu. There we met the other students from Scotland, Finland and Italy.

Thursday, 4th October 2018

Today we had breakfast at the hotel. It was a bit different as in Germany, but it tasted very good. After the breakfast we drove by bus to the “Lähte Gymnasium”. There we met our friends from Estonia. First, we got a short concert from four students and from the choir of the school and after that they showed us their school.

It was very interesting to see the classrooms and the library. The next step was to divide the students into 4 teams. One video-, one photo-, one websiteteam and one team for the brochure. At 12:30 pm we got lunch at the cafeteria. With new energy we heard some presentations from every country about the topic “smart and sustainable use of energy”.

To get also some other information we visited the energy class of the

university. It was interesting and we learned a lot.

In the evening we went to a shopping mall with an ice-skating centre inside. We had a lot of fun.

Friday, 5th October 2018

Today we had our tour to Tartu. We started with a guided tour through the city. We saw the Town Hall Square and the university. At 11:am the mayor of Tartu Mr Urmas Klaas welcomed us in the town hall. We saw a short film about Tartu and every country got some presents.

The next step of the day was to eat something. Because of that we walked to the “Püssirohukelder” restaurant. It was a very nice restaurant where we got some Estonian food.

After this very fantastic

experience we drove by bus to the “Tartu environmental education centre”. It was interesting and we learned also some new facts. At 2:30pm we went to the “Ice Age centre”. There we

got a guided tour through the exhibition. After one hour we had lunch at the cafeteria.

Our day finished with the visiting of the “AHHA centre in Tartu. We had very much fun, because we were able to live the science. In the evening the Estonians invited us to come with them to an escape room. So, we went together to this room and played different games. It was a very nice experience!

Saturday, 6th October 2018

This day started very early. At 8:00 o'clock we had to get the bus to Tallinn. There we had a guided bus tour. We saw the modern parts of the city and the palace of the president.

After the bus tour we walked through the old town. It was very beautiful to see the small shops and cafes. But it was raining all the time.

To get more energy and also a little bit warm we went to the “Solaris Centre” for lunch. We could choose from a very big buffet. So, nobody was hungry any more.

With the new energy we watched a show about electricity.

After that we had free time to go shopping in the old town. There we bought some souvenirs and drank a hot chocolate.

Sunday, 7th October 2018

At Sunday we got breakfast at the hotel restaurant. At 10:30am we drove with the bus to the south of Estonia. There we went hiking in the “Meenikunno Bog Reserve”.

It was very relaxing and the nature was beautiful and fantastic. Very good to calm down. We got lunch in the air (a fish soup and some bananas).

After the first trip we drove by bus to the “Ahja River Landscape Reserve”. It was very nice too and we made lots of fantastic pictures.

It was also good to communicate with the others and we made some new experiences. Back at the hotel we went to the sauna for 2 hours and after that we played cards with the other students and listened to some music.

Monday, 8th October 2018

Today we had free time in the morning. So, we had breakfast and then we walked to the city centre to buy something to eat and some souvenirs. At 11:00 o'clock we drove by bus to the “Läthe Gymnasium”. There we had lunch in the canteen and after that we had to work in groups.

The photo group had to make a presentation with some photos. The others made the website and the brochure and some students had to finish the film.

Then we had teatime at school and after that we presented all the things which we had made.

At 6:00pm we had dinner and to finish the time in Estonia we heard a concert

from a folk music group. It was very interesting and we had much fun.

We also learned some Estonian dances. After the dance sessions we drove back to the hotel. There we played cards and heard music all together. But then we had to say “bye”. It was a very fantastic time of my life and I would make it also a second time. To make some new experiences with international students it is beautiful and a very important thing.

Tuesday, 9th October 2018

We took the flight back home.
