

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the left and right sides of the frame, creating a modern, layered effect. The central area is a plain white space where the text is located.

Wednesday

- ▶ At Wednesday we started our trip to Zagreb at 7:30 and it took us four hours to get to Zagreb.
- ▶ We got an invitation from the house of Europe where we listened to two presentations.
- ▶ The first presentation was held by the representative of the EU Commission in Croatia named Branko Baričević and it lasted from 12:00 to 12:45.

- ▶ On the second presentation we talked about the EU and online media
- ▶ We talked about the safety of the Internet in the EU and some main focus points for the EU:
 - ▶ Transparency
 - ▶ Media diversity
 - ▶ Encouragement of independent fact-checkers

- ▶ We mentioned fake news and good ways to protect ourselves from them
- ▶ We established that young people are more proficient in recognising fake news.
- ▶ Fake news is purposely created to be clicked on and become popular, once it becomes popular it earns a lot of money for the people who published the story.
- ▶ People also make fake news to create disorder and scandals.

- ▶ After the presentations, we were divided into three groups and a few students from Zagreb gave us a tour through the city.
- ▶ Each group visited the Cathedral, St. Marc's Church, the Museum. We also saw the University and Fountain Fisher.
- ▶ After that all the students were given an hour and half of free time.

- ▶ We met again at quarter to six in front of the European House to take the bus back to Zadar.
- ▶ We spent nearly four hours inside the bus and since everybody was so tired, a lot of people fell asleep.
- ▶ We were lucky because the weather was great and we had so much fun!
