And we will change the world  
With Erasmus plus.

And you open up your mind ( your mind)  
You will change the world around you  
And put little magic in your life.  
In this wide wide world  
You are not alone  
If you come with us.  
We will tour Europe  
And we will change the world  
With Erasmus plus.

Send my mind free  
Be Creative  
Draw and dream  
Be happy and free...  
Like a bird in the sky  
Go to another world  
Creative it's read a book  
And travel with him  
A world to imagine  
Sent my mind free  
With this melody  
Painting my own thoughts  
This is my day dream  
And this harmony  
My heart beat a lot  
This is my own world  
An escape from the real world

# BELGIUM

Hey, you're like an ordinary girl  
Boy, come closer to me  
I want to tell a story about us,  
so listen carefully

We're creative enough,  
so let it go and do it with love.  
We can't stop, so come closer to do this ...

I, I sing all the time  
Dance like there's nobody watching  
Play guitar for one time  
Happily ever after

We're creative enough,  
so let it go and do it with love.  
We can't stop, so come closer to do this ...

Hm hm m m m m  
Oh oh oh owoh  
Hm hm m m m hm m m

We're creative enough,  
so let it go and do it with love.  
We can't stop, so come closer to do this stuff

# LITHUANIA

You look like you don't care  
And lock yourself inside  
But secretly you cry.

Past is in the past  
Forget it that won't last.  
Swipe the tears away.

You look but you don't see  
Those people aren't mean  
It's just the point of view.

Change your perspective  
On life and silly things  
Keep your head up high.

Friends will help you out  
You'll be safe and sound.  
Smile, you'll be OKEY.

Teachers are the best  
Laughing, playing chess.  
Just give them one last chance

Don't worry now,  
You will work this out  
Stars will show the way.

Finally I see.  
You're smiling happily,  
Tell me – wasn't I right?
