

I like
painting

Painters from around the
world make them up

Particularly like
paintings by Aleksander
Gierzyński

The paintings of this
artist can be seen at
the museum in
Warsaw

And this is
his work:

„In the
gazebo“

"Jewish
woman with
oranges"

Aleksander Gierzyński lived
in the years 1850–1901

He was a representative of
realism and precursor of
Polish impressionism
