

# Spain Final Task Guidelines

## Content and Structure of the Environmental Dictionary

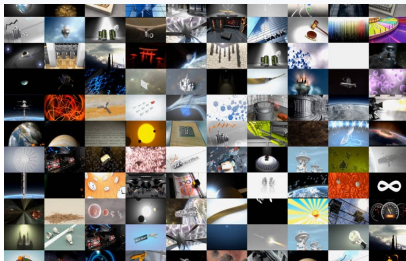

Program to create a digital book.

App: StoryJumper.

Typography: Similar to the Power Point Presentations.

1. COVER: compendium of small photos taken from the images of each word of the ppp of all the countries. We have 60 photos in total.

The images must be undistorted, cropped if necessary and all with the same format, that is: RECTANGULAR in HORIZONTAL. See an example:

The title can be placed in the center in white capitals with a slight shadow around it to make it stand out. Or it can be put on the right side separately and not on top of the photos. See example:

ENVIRONMENTAL DICTIONARY

GREEN ALLIANCE PROJECT

eTWINNING / ERASMUS +

2. On the SECOND PAGE, specify: year, centers, and put the logos of all the Schools and of all the institutions, etc ... QR Code to link it to social networks.

### 3. INDEX:

List of contents with numbering.

### 4. CONTENT of the words: 60 words total put in alphabetical order.

2 words with their corresponding images per page.

4 in total per sheet; 2 on the left and 2 on the right.

Possibility to add audio when clicking on the word.

### 5. BIBLIOGRAPHY and sources consulted

### 6. FINAL SHEETS: thanks, logos, etc ... and a short text.

Add a sentence in the 6 languages of the participating countries: Romanian, Turkish, Polish, Spanish, Italian and English.

In alphabetical order all together by lists:

- i. Participating and associated centers
- ii. All participating Students
- iii. All participating teachers

7. DESIGN Topic: SIMPLICITY, CLARITY, NEATNESS, FREE SPACES for the reading order of the texts and images. It is very important to keep compositional organization where the texts with their corresponding images are in "visual boxes".

Blank sheets without decoration or detail. In any case, choose the idea of the cover with 4-6 small photos to add on one side as a recurring motif on the pages.

A background color can be added.

LOGOS and IMAGES to be included:

Cofinanciado por el programa Erasmus+ de la Unión Europea

Participating Schools:

„Colegiul Agricol și de Industrie Alimentară „Vasile Adamachi”, Iași, Romania

IES Cerro del Viento, Benlmádena, Spain

IIS Della Corte-Vanvitelli-Cava de' Tirreni –Italy

Nazilli Anatolian High School, Turkey

Zespół Szkolno-Przedszkolny w Dębem- Poland

IES Costa del Sol, Torremolinos

ALL PARTICIPANTS IN ALPHABETICAL  
ORDER:

Students

Aguilar Martín, Salvador
