

İSTANBUL - BEYOĞLU
DİLNİHAT ÖZYEĞİN
HASKÖY
ORTAOKULU

Our school is in a central location that close to the historical and tourist attractions and very easy to reach. It is behind the Dilnihat Özyeğin Anatolian High School which is opposite the Hasbahçe station in Beyoğlu district. .

You can see the exterior of our school building. We have a middle-sized building with 3 floors. As the school is in a crowded and central district like Beyoğlu, we use the rear part of the building belonging to Dilnihat Özyeğin Anatolian High School.

There are 17 classrooms, 1 information technology classroom and a small canteen in which students meet their needs.

Our school has a beautiful view overlooking the Golden Horn.

The photo which recieved an award last year in a photography contest called 'Beyoğlu from my school'.

The Headmaster of the school is
Güngör GÜRELİ

- In 1995, he graduated from ITU State Conservatory of Turkish Music.
- He completed his post-graduate degree in Educational Administration and Supervision Department at Gazikent University.
- In 2014, he started to work as a headmaster at Hasköy Secondary School.

In our school, totally 47 staff work in a harmony.

Our school has 1070 students. In this regard, it's a middle-sized school according to Turkey standards.

Our school achieves success in various fields such as sports competitions, painting competitions, and knowledge contests every year.

In our school

- Students have main courses such as Maths, Turkish, Social Studies and Science besides that they have talent courses like Art, Music and Physical education.
- Moreover there are various trainings for Earthquake, Fire etc. in case of an emergency case.

Our school has an Information Technology class. Students are given trainings on current topics such as coding.

The scientific studies of the students were exhibited in Tübitak Science Fair.

Although we have a small school garden, we design fun activities for students in the garden.

We organize trips to ‘out-of-school learning environments’ such as museum tours, book fairs, nature tours, scientific workshops for our students.

Our school quite often organizes Erasmus Projects.

Our school successfully carried out 9 different Erasmus projects..

**CREATING COMMUNICATING OUR DIVERSITY
WE ARE CELEBRATING!**

And this year we just started our 10'th Erasmus+ project(rembrandt movie camera).
