My team's contribution: time management	34	48	8	3
My team's contribution: problem- solving	39	49	7	

SUMMARY >>> What did you like best about the project? (Overall summary)

The project raised awareness among students about the problems around them and it made them more conscious and sensitive about the issues such as environmental problems, human rights, etc. The students like the topic and found the project creative, fun and organized. They like sharing ideas with others and work collaboratively. They also stated that it improved their English and help meet people from other countries. Moreover, they liked the mystery about who will open the time capsule and read their letters. Leaving their marks to the future made them feel excited.

SUMMARY >>> What could be improved in future projects? (Overall summary)

The students stated that the project could have been more interactive and collaborative. More meetings could have been arranged for students to know each other better. Because of the pandemic, the students couldn't meet to bury the capsule. It could have been better to gather and bury the time capsule. Also, they could have made a video of it. Furthermore, a better planning could have been made to avoid the busy times of the school year.
