

On April 2, 2017 the 3rd Nordic Walking March was held. The purpose of the event was to promote Nordic walking as one of the active and healthy lifestyles. The participants of the march were pupils, parents, and teachers from our school. A large group of volunteers assisted in the preparation and participated the event: issuing starter packets for the participants, serving the culinary points at the finish line and the educational point on the march route.

The cooperative partner was the Student Cooperative "Pod Dwójką" , which prepared a stand with healthy food. All the products were eagerly consumed by the competitors, who beat the distance of 8 km.

This is another edition of the march. Participating in this form of activity, the number of young people can learn how to spend the leisure time in a different way. The nature, the forest is the possible way to do it and this is also ...,,what else can be found in the forest,,...
