Summary:

hour / topic	content	main emphasis	material	Feedback (difficults)
2h We built a Lapbook about my family.	→represent the family (Lapbook title "me and my world", so it can be extended under the other topics of the project to city, country, Europe)	templates for selection → picture frame – mirror for familyfoto → picture frame - changeable by topic (CD-papercover) → Heart - What do I like (my family / mom / dad ...) → Book - special features, festivals, joint activities (6 individual windows / topics possible) → family tree	- templates - example (teacher) - craft materials	- Family makes you proud and the students are therefore heartfelt. Difficulties are with some pupils still in the motor conversion (excise) or in the valence this further to shape / decorate, that the content gets in the background.
