## This is my Family

I'm proud of my family because

**I have the best parents**

**my mother cooks very well, my sister exercises every day and my brother is an excellent pianist**

**we help each other in difficult moments**

I'm proud of my family when

**we don't give up in problems**

**my brother gets good marks**

**we share nice moments**

**like watching films, playing games together, having lunch as a family or going on holidays.**
