

LIGHT A CANDLE

(Lyrics and Music by Martin Buchholz, English Lyrics: Dania König)

CHORUS

Light a candle, shine it bright,
a light of hope, and
let it shine for all the world to see
Light a candle here tonight
a sign of life that
brightens up the night for you and me

VERSE 1

Shine a light for everyone close to you
shine a light for all who are alone
Shine it for the many whispered prayers
for the spark of courage in your soul

CHORUS

Light a candle, shine it bright...

VERSE 2

Shine a light for doers and for hoppers
for the people who console our hearts
nurses, doctors, all the ones that help us
Shine a light for goodbyes and new starts

CHORUS Instrumental

VERSE 3

Shine a light for people of all nations
Milan, Sao Paolo and Madrid
Shine it to connect us by the power
that we feel in every loving step

CHORUS

Light a candle, shine it bright...
