Dear Sir/Madam,

Tour Guide

I was very interested to see your advert. I am writing to apply for a job as a teenager volunteer at the Space Tour.

I like watching the stars, I have always been interested in this. I think this job can be a really good experience for me.

If you choose me, I promise that I'm going to be a hardworking and useful member of the team. I can speak Spanish, English, Italian and a bit of French, and I'm good in science at school. I have never worked in a job like this so I don't have any experience but I learn quickly.

I very much hope that you will choose me as a volunteer. I look forward to hearing from you

Yours faithfully,

Carlotta Vitagliano Estevan
