Subject: Apply for "Nature and History tour"

Dear Sir/Madam,

I was very interested to see your advert for a tour around Peru, I'm writing to apply for the "Nature and History tour".

I really likes Natural Sciencies and History. I also want to have new experiences and lear new cultures and traditions. Travel isn't a problem, I love travelling and I've already travelled to many places and some countries and I'm ready to learn about new strange things.

I can be a good tourist guiude. I have a good memory and I also can memorise long texts in not much time, I also made a "Nature tour" in the high school for a foreign group in English. I speak Spanish, French and English and I can learn new languages. I'm hardworking and responsible.

I hope that you will chose me and I look forward that you will call me

Yours faithfully,

Jorge Bernabéu Simón
