

# L'atelier / The workshop

**We are proud to present you our workshop, our machines and every power and hand tools we daily use.**  
**We' re happy to learn the english words for each tool, we hope you'll be glad to learn them too !!!**

# Our machines

# The jointer

# The Band saw

# The mortiser

# The spinning

# The chain saw

# The power plane

# The edger

# Format saw

# The drill press

# The power tools

# The Circular saw

# The Screwdriver Drill

# The jigsaw

# The Router

# The sander

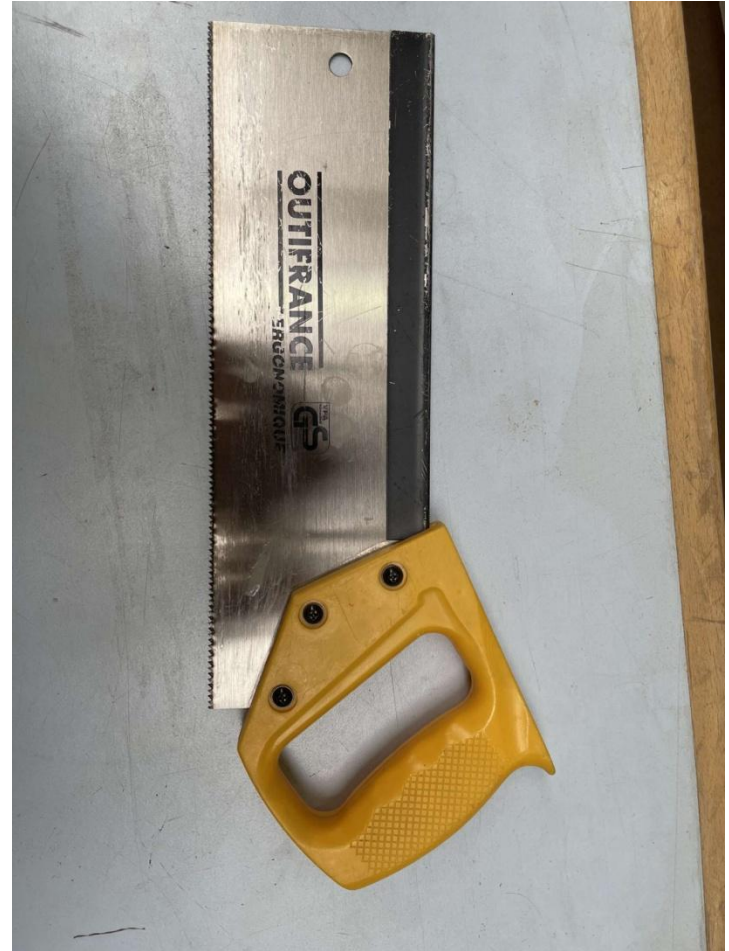

# The hand tools

# The hammer

# The saw

# The nail

# The screw

# The drill

# a tape measure/ a rule

# A clamp

# The mallet

# The plane

# a spirit level

# A wood chisel

# A screwdriver

# A glue

# And now here are what we have made these last weeks

First we made a plan  
Then we cut the planks with the chain saw  
We used the jointer , the power plane and the edger .  
Then we fixed the planks using screws .  
We finished by sanding it all .

# Bois de construction/ timber
