Partner school student short - term exchange

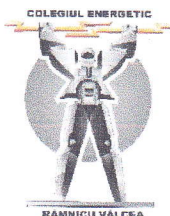

ERASMUS + PROJECT: LOCAL SOLUTIONS FOR GLOBAL CHALLENGES

PROJECT NR. 2019-1-IT02-KA229-062188_2

Goals of the meeting:

1. Presentations of the school including the student's community with their families, staff and local authorities. All participants will walk through school and will present to the community their live (day routines, hobbies, sports, free time, celebrations);
2. Workshop on how to develop creativity, how to generate ideas for business. Students will work on personal finances, creating ideas in business, business etiquette, and establish the elements to implement a training firm including its formal registration;
3. Visit the town, museums, the local companies involved in the project, and the local Chamber of Commerce to take part in a meeting about the real economic environment of the Country in the light of Globalisation;
4. Meeting about the movies on Globalisation and Glocalisation with the objective to know the progress of the work made by each partner. During the activity, the students will share the techniques and the strategies used to create a perfect storytelling; moreover, they will investigate the matter using specialised web sites.
5. Workshop about methods and strategies used to research local products that became international products. The students will do the research work taking into consideration also: personal finances, business plan and business etiquette, management and legislation aspects linked to the management of a firm.
