11h of flight ;)

A few hours later:

Now, it's time to eat! Chicken and  
pasta on the menu. Have a good meal!

day 2

We have just come out of the airport. It's colder here than in Reunion but it's not unpleasant. I haven't been able to sleep much on the plane but I least I was able to enjoy the sunrise through the porthole

A few hours later:

Now, it's time to eat! So, the majority of the group went to the Macdonalds at the airport (it doesn't bother me absolutely not obviously ;)

Two hours and some trouble later:

We're finally on the plane to Aberdeen!

I'm really forward to meeting the Shetlanders and discovering their island :)

A few hours later:

We're finally in the ferry cabins!

Mais avant d'arriver dans le ferry, il nous a fallu prendre le bus (ce qui nous a permis de découvrir les paysages vraiment incroyables et différent de la Réunion)

This day was very tiring. So, good night!

day 3

We're on the bus to Mid Vell Junior High School  
(which allows to appreciate the sublime landscape)  
;) Lyne wants to roll in the grass! Haha!

Le matin, nous avons eu le droit à un petit déjeuner typique d'ici (c'est-à-dire salé) : eggs, beans, bacon... everything I like!

Wh! The bus is stopping! Which means we've reached our destination! We're getting off the bus.

It's extremely cold outside!

I'm pushing the door and discovering the host families. I have the chills! All those people waiting for us, who we'll be spending the next few days! It's unbelievable!

Later:

~~We got to Cullisoe~~ I just arrived at Jasmine's, my correspondent.

moi el  
← Jasmine

She lives in Lullwoe (a neighborhood of Yell)

Her family welcomes me, make me feel comfortable as if I were at home. Her dad, Mark, tells me that he doesn't speak French well but that they will do the best they can for me to have a good time at their home. He also tells me that their mother is in England for a long hike.

Later:

Jasmine, Ruby (her sister) and I went outside. We joined Emma and her correspondent (Jessica) and Luan and her correspondent (Amanda). Because here, in Lullivoe, everyone lives next door.)

We're going to feed their ponies, Avatar and Nubbles

Later:

Now, we're back. It was really nice! After feeding the ponies, we went to the store (in Lullivoe, there's only one store to get supplies). Today, it's Alfie's

birthday (one of Jasmine's 4 brothers). So, we celebrated and ate the chocolate cake that Ruby had made :)

Now, I'm going to have a rest because tonight we're going to the carnival. We can see everyone!

Later:

We got to Cullinoe. It was really great! La plupart des personnes étaient déguisées and there was even a parade. Marcelah was dressed as mum, haha!

Then, we ate a hamburger and chips, miam! After, we went to the playground, we played, had fun, laughed, talk! It was so good!

day 4

I'm at Lullivoe beach with Lyne, Emma, Carly, Jessica, Isla, Albie and Jasmine. It's very cold but it's still good!

This morning, I played two board games with Jasmine and her family. I won both of them! Even if it was more complicated than in French, haha ;)  
After the beach, there will be a walk with everyone!

Later:

We have just returned from the second walk. It was really cool! Nous avons ramassés quelques déchets et on a même fait des ricochets (j'ai réussi à en faire 4 :)

Jasmine invented Lola and her correspondent to the house. Alors, nous sommes entrain de faire du trampoline!

Later:

Now, it's time to sleep so, I'm going to bed. After having fun in the trampoline, we ate. And here, in Shetland, we eat around 17h/18h! Ce qui est assez surprenant!

Ah! It knocks at the door; Romain, Ben's Switzerland correspondent has arrived (Ben is a Jasmine brother)

Well it was a long and good day and tomorrow, we have to go to school so, good night.

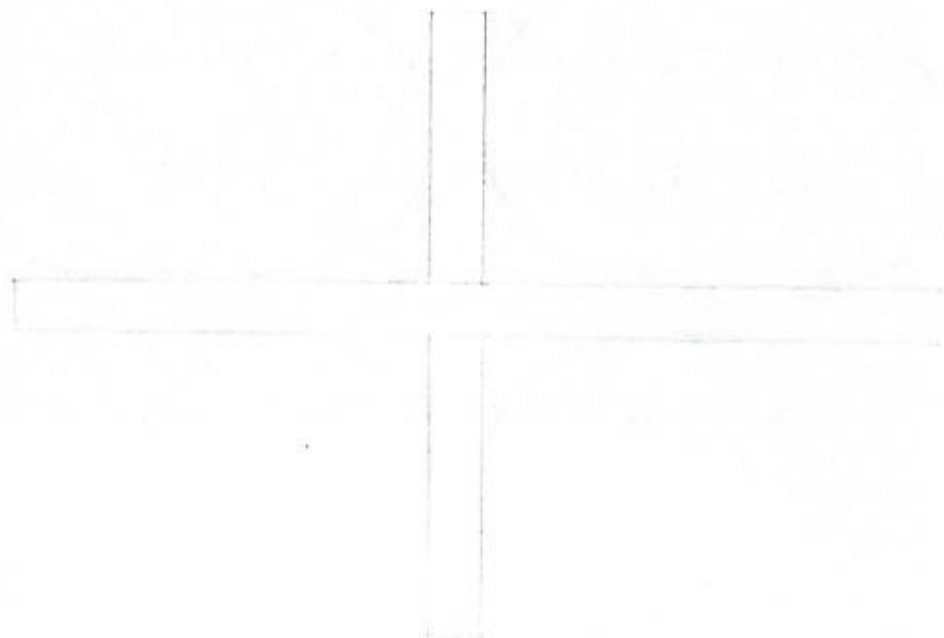

day 5

It's noon, so it's time to eat! We're in the canteen. Pasta with cheese on the menu, mmh. This morning, we presented our slideshow.

Everything went well, except that I had to present a slide that was not mine (ce qui m'a beaucoup stressée).

Ensuite, moi et mon équipe (Jessica, Connie and Larly) avons fait le plan d'un radeau and tomorrow, we'll build it!

notre plan  
de radeau

Four hours later:

I'm on the bus to go back to Cullivoe. There's a great atmosphere! Some people listen to music (the Shetlanders listen lots of country), and we talk, we get to know each other, that's nice!

After lunch, there was art. We created some kind of tampons! It was rather funny!

In the late afternoon, there will be an after-school activity. We'll all meet at the beach and clean it up. I think that's a good idea :)

A few hours later:

I'm on the car to go back to Jasmine's. We went to the beach for the Redd Up. That was quite impressive since there's more less waste compared to Reunion! We even saw seals! It was very good!

day 6

I'm on the bus to go to school. There's always a nice atmosphere ;)

This morning, I'm going to learn to weave!

Four hours later:

Now, it's time to eat! Not to change, it's pasta with cheese on the menu. This morning, I learned to weave! It was really interesting!

Then, there was a seafood tasting but I hate it so, I didn't eat any. I prefer pasta with cheese, haha!  
After lunch, I'll build a raft for Saturday's regat

A few hours later:

I'm at Connie's (Lynzee and Emma's corresponde  
There's also Jasmine, Abbie, Lyne, Emma, Beth etc  
We're learning French words to the Shetlanders!  
Elles se débrouillent déjà bien ;)

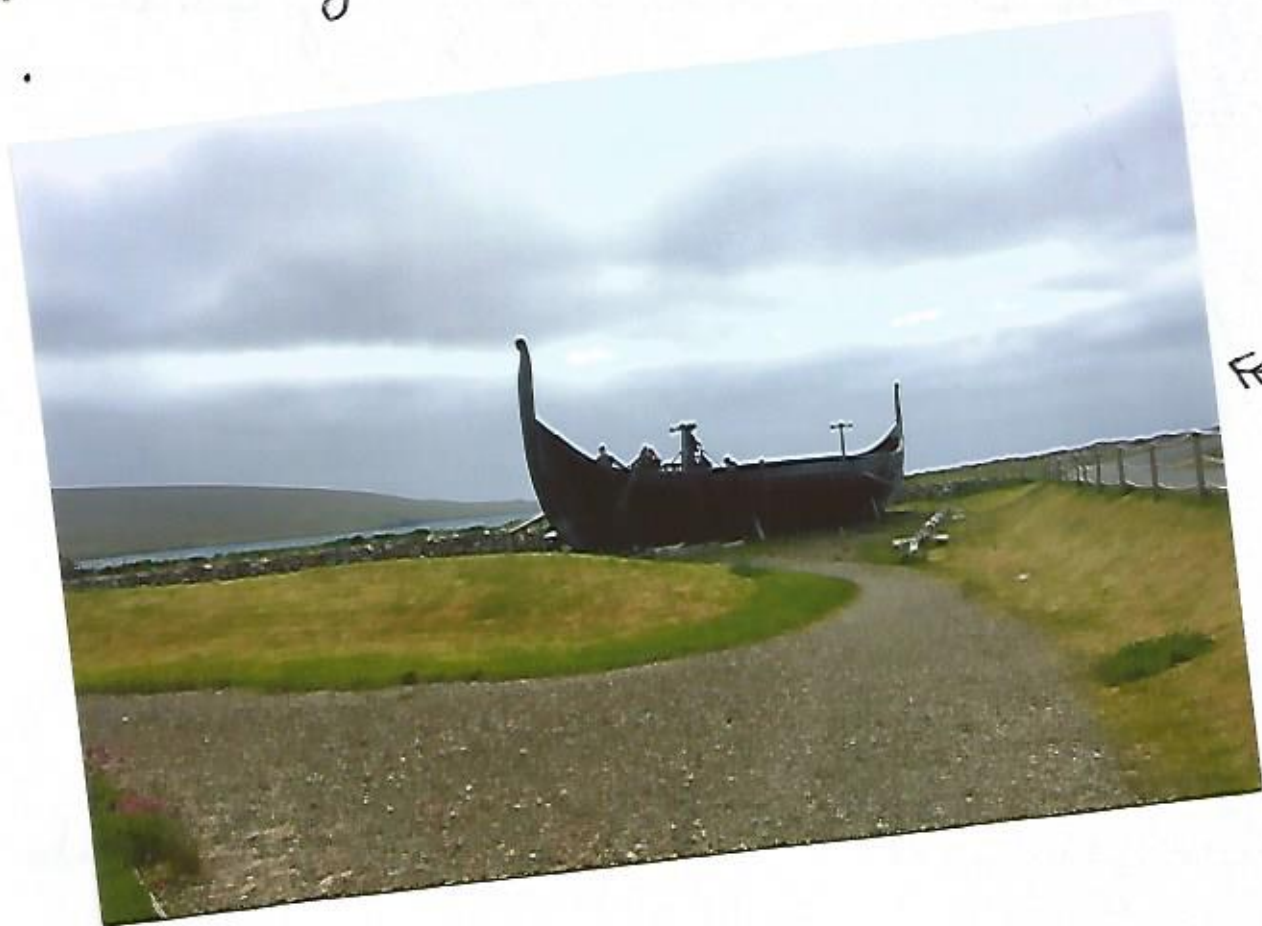

Build a raft, it was really cool! And my team was very nice! For the race on Saturday, I hope we'll win!

day 7

I'm on the bus, but we're not going to Mid Yell Junior High School. Today isn't a day like any other since we go to Unst (another neighborhood of Shetlands)

Later:

I'm back on the bus. We just visited the boat and the boat Viking house.

long  
boat

Viking house

It was really interesting! Some people learned to sew a Viking cloth. Did you know they only used one dress? Unbelievable, right?

A few hours later:

After lunch, we're now in Hermaness. It's extremely cold!

Later:

After walking for at least an hour with hair in the wind, we finally arrived at the nature reserve. It's

incredible! There're lots of birds and we can even see  
3 or 4 puffins! It's really beautiful!

Later:

We're on the bus to go back to school. Tonight,  
there's an activity in Westsandwich (another  
neighborhood of Yell). But this time, I'm not going  
because in almost a month, Jasmine's older  
brother will marry and she will be a bridesmaid.  
So, Jasmine, Ruby, their mother (who returned from  
England yesterday) and I will go to Lerwick to try  
on their dresses!

A few hours later:

We arrived in Lerrwick. We already ate a pizza!  
Mmmh! They're trying on the dresses! They're  
beautiful! It's really a special moment :))

day 8

I'm on the bus to Mid Yell Junior High School. Yesterday was a really special day and magical! Today, we're going to rock climbing! I like it even I'm dizzy. I hope it won't be too high,)

Two hours later:

We're on the bus to go rock climbing. I'm scared because I just learned that it's not rock climbing like I thought... it's outdoor climbing!

Later:

We arrived. I'm extremely scared! It's very cold! We were provided an equipment: bag, suit, helmet. Why are they protecting so much? There's a reason!

Later:

Eventually, more fear than harm because it's only

"hike" on rocks. But we're still 35 meters above sea <sup>level</sup>

Later:

It's finally time to eat! Our host families have prepared a picnic for us. Personally, it's a sandwich with ham, miam miam!

Later:

We're on the bus to go back to school. Outdoor climbing was very long and tiring! But it was really beautiful! We even saw seals!

Tonight, we'll all meet at the Youth Café to get to know each other even more! I think it's a good idea :)

A few hours later:

We just came back to Cullivoe. The Youth Café went very well! We were talking, playing, laughing and getting to know each other more and more! It was really good!

day 9

I'm on the bus to go to school. Today, I'm going to participate in a pastry competition! I love pastry! It's one of my favourite hobbies, so I'm really looking forward to do it!

Later:

I'm in the room where we're going to cook. We're in teams of three. Our cake must represent the Reunion and the Shetlands (by the design or flavors etc.) Connie has an idea! Why don't we make a turtle-shaped cake for Reunion Island, surrounded by flowers for the Shetland's vegetation! We all think it's a great idea! A team member goes out and buys the ingredients we need.

Three hours later:

It's noon, so it's time to eat. No need to tell you

what I'm eating, I think you would have understood it; The pastry competition, it was really too good! Everything went according to plan. We made a strawberry cake surrounded by mascarpone with some candy inside.

I look forward to being this afternoon to know the <sup>results</sup>  
One hour later:

I'm in the kitchen with the teams. The judges have already tasted our cakes. All that remains is the result

Lynzee's team is third. And we're first, tied with Emma's team! I'm too happy! It's really cool :))

One hour later:

I'm on the bus, we're going to Isla and Carly's. We arrived. We're in a kind of party mini-bus that belongs to them. I think we'll have a great time!

Later:

We're in the trunk of the Isla and Carly parent's truck to go to the fishing competition. I had a great afternoon! We were talking, laughing and even eating pizzas! It was really cool!

Early knows how to drive quads so people who wanted to could do a tour of quads!

Later:

I just arrived at Jasmine's. The fishing competition went well, I'm seasick so I wasn't feeling very well on the boat <sup>but</sup> But I still had a good time :)

day 10

I'm in the car of Jasmine's parents. Aujourd'hui, c'était grosse-matinée! Now, we're on our way to the Yell regatta.

Later:

We have already arrived for an hour and I'm starting to get hungry. So, Erell and I decide to eat a good fish & chips, mmh! (avant d'apprendre que c'était le poisson pêché d'hier)

Later

Now, it's time! A few people from the school will sing on the stage including Erell

Later:

"It is time for the raft race! I'm really looking forward to do it! J'espère au moins que notre bateau ne va pas couler, haha! And why not swim,

A little later

The race is now over and we're in... second position!

I'm so happy! Maintenant, Erell et moi allons nous changer puisque nous avons du aller dans l'eau (especially Erell since she and her team finished the race by swimming!)

Later:

Je viens de me rechanger puisque on va participer à une bataille de peinture! I think we'll have fun,)

Later:

We getting back to Cullivoe. Tonight, we'll all sleep at Connie's! The painting battle was really funny! Finalement, ce n'était pas de la peinture comme je le pensais mais plutôt de la poudre colorée. Unfortunately, I bled from the nose because I got some in the nose. But it was still good!

Later:

"I just arrived at Connie's. We're going to roast marshmallows! I'm really forward to do it!"

One hour later:

We have a lot of fun! But unfortunately, Esteban has to go back to Switzerland. To give him a nice goodbye Dylan decides to throw the alcohol into the fire so that it explodes! I'm very afraid then, I'm leaving on precaution! Wahou! It's really beautiful! Now, we go back to Connie's

day 11

We had just wake up and decide to have breakfast.  
Mmh, it smells good! Connie's mum made us  
bacon! Miam, miam!

Later:

I'm in the car. Today is Father's Day. So, Jasmine  
parents just picked <sup>us</sup> up and we're going to one of the  
only restaurants on the island!

A few hours later:

I'm at the park with Jasmine, Beth, Lyne, Lynzee  
and Albie

Nous nous sommes donné rendez-vous près de l'école de Cullivoe puisque le jour de notre départ arrive à grand pas. I had a very great time at the restaurant. There was even Jasmine's brother and sister in law with us!

day 12

Il est 7h55, c'est la pause. This morning, I did the same thing as Monday afternoon: art. So, I thought it was boring since I had already done it :/

Two hours later:

It's time to eat! For a change, I'm eating a sandwich with ham. After art, there was a dodgeball competition. Ça ressemble beaucoup à la balle au prisonnier! So, I loved it!

Three hours later:

I'm on the bus to Cullivoe. After lunch, we did quizzes (about music, sports, logos etc.) I was on a completely Shetlandian but it didn't bother me! I really liked this activity <sup>team</sup> :) )

Ah! The bus is stopping. The majority of people on the bus get off because Jasmine invited them to her

Later:

We really have a good time!

We ate macaroni and cheese that Ruby had cooked, mmh! Now, we're going to Connie's.

Later:

We're walking home. It was too good at Connie's. We were playing, having fun and laughing! Ensuite, on a accompagné Emma et Jessica chez elle et nous avons fait du trampoline! It was a great day.

day 13

I'm on the bus to Lerwick. The good byes were really complicated because I'm really attached to them (I'm crying, like all the other people on the bus :'(

A few hours later:

We arrived. After a few hours on the bus, having walked, we're finally there. On est entrain de manger et nous avons quartier-libre jusqu'à 16h30!  
"It's shopping day today!"

A few hours later:

We just arrived in the ferry

I loved it! Après le quartier-libre, nous sommes  
partis faire un tour dans un musée et c'était plutôt  
sympa!

Later:

We had just go back to the cabins since we just ate. I  
ate a hamburger with french fries, mmh! Delicious! It  
was just ate. ~~I ate a hamburger~~ a very emotional day  
and very tiring so, good night!

day 75

We just got off the plane. I'm really exhausted! But I can't wait to see my family! It was really an extraordinary trip! I have met some beautiful people will forever be etched in my memory!
