

Ceci est mon carnet de voyage, je vais y noter toutes mes impressions, sensations, émotions, intentions... Tout ce qui relève des sentiments, des gens, des moments... Je peux y dessiner, y écrire, je peux coller, colorier, calligraphier... Le carnet, je veux l'aimer, je vais l'aimer!

Cela va être une expérience unique, un voyage fantastique!

Sorry, I don't manage to translate everything in english, so, I prefer lay everything in french. (But the rest of my travelbook is in english)

Then, we start the activities: 10R 55am - 12R 35: plans for ~~for~~ building a raft. 12R 35 - 1R 15pm: we eat pasta, potatoes, bolognaise, cheese. Afternoon, linocut prints and painting on pebbles.

The afternoon was great! 😊

Morning: weaving: really good! 😊 Then: degustation of local seafood: first we

touch the fishes with gloves, then, we can taste pieces of different fishes: mussels, langoustines... already prepared. I don't taste everything. I taste langoustines and fishes. + 😊

Afternoon: we make our raft. 😊 Good

After: Restaurant with Lori-Ann and a friend of her (I choose pasta with cheese). Then, we go to the beach (with Lori-Ann, her sister (Lisa), her mother (Jill) and a friend of her Lori-Ann). Great! 😊

We go to Unst island, at
Hermaness. Two groups:

My group: morning: 1. visiting
a old castle (Muness castle). 2. visiting
a viking house and boat. 😊 Really
good!

Afternoon: visiting the Hermaness
reserve (birds).

The other group: - morning: reserve
- afternoon: castle, house and boat.

Wednesday:

Thursday 13th
Morning: language "game" (questions in turn: someone take three cards (on each card, there is a question). He choose one of these questions, ask it, and write his answer. The others must guess his answer. Then, it's the turn of the next one.). Quite good. 😊

Badminton: with Ben, my Skallone's team mate, we lose our first match but we win the next four. Then, there are a lot of badminton games.
Afternoon: visiting the Old Haas museum (about old boats and navy) and

As buy gifts (a mug...). As don't find it very interesting (for me!). ☹️

After school : Youth Cafe : quite good : different games.

	9.00 to 9.50	9.50 to 10.40	
Thursday 13 th June	Drumming with Joy Duncan	Sport- badminton	

After school : Youth Café

Outdoor education: outdoor day: in a wood (the only one at Yell): snake game (an adult go first and we must follow him everywhere he goes, do everything he does (tree climbing, walking on trunks, jumping above streams)). At the end, I slide from a trunk and I hurt my back. Happily, it's at the end of the activity, so, I could take advantage of the morning.

After school:

Lori Ann is sick (she didn't go to school),

so, I do the following activities with Lisa (her young sister):

- making (and eating!) a pizza each (we do the pastry, then we put what we want on it)
- doing a "slime" each
- at least, feeding a lamb.

Very good! 😊

		9.00 to 3.45
Friday 14 th June		Outdoor Education with Pete Richardson (Packed lunch provided by families)
		After school : Blind Hoe - Fishing competition

Saturday 15th
(and Sunday 16th):

Saturday:
The Regatta:

- ① About 11 am., I do a ten fm race and I win!
- ② (about 5. pm.): Craft Raft Race (the ones we built). At one moment, the water enter in our¹ boat²? The others jump out to get back to the beach, but me, I manage to stay on the raft and I can reach the beach with just my trousers wet.
- ③ (around 7. pm.): paint battle (it's in fact

rather coloured powder). ☺

(4) (around 10. pm.): we go to a "concert" (or rather a dance), we listen music (a music band play) and dance at Youth Cafe. We leave only at 00.40!

It's 1.30 am. and... good night

zzzz...

Sunday:
Regatta too...

Morning: before the break:
I go with Maëlle in the
Primary 7 class (there are
Lori-Ann and Lisa) and we play
an easy card game to learn
french. Then we go in the
Lounaert's class. We read some
short stories (in english of course!).
It's great! 😊

After break: All secondary
pupils and we (the french) play
Dodgeball. That game (I won't be)

able to explain all
the rules) looks like
F ballon prisonierⁿ:

the ballon principle consists
of touching the adversaries with
many balls... : Quite good and
funny (at the beginning), but
after... it becomes a bit tiresome.

But good nevertheless! With Zia,
we help the teacher Mrs Berthelien
to transfer the pictures of our stay.

Afternoon: quizy: I'm bored,

I don't really like... I'm with Emma (Infront) (French), Melissa and Georgie (Shetland) and our team finish the last.

What's more, I have a headache from around 2. to 10. pm). But it's nevertheless a nice and good day, it's really great to be here, at Shetland, I love! It's a pity we leave tomorrow. 😊 😞
