In the past 6 months, classes at my school have been organised:

21 responses

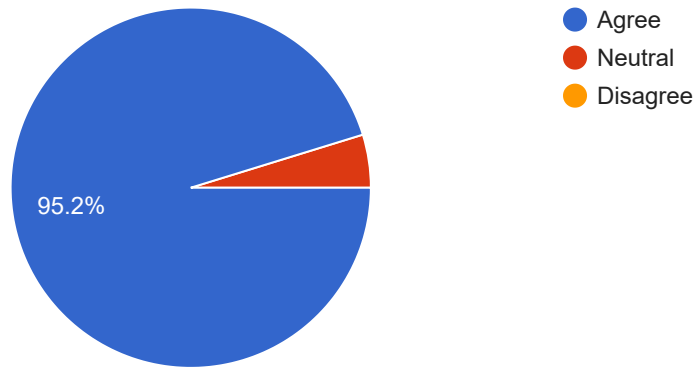

Which project activity did you organise with your students?

21 responses

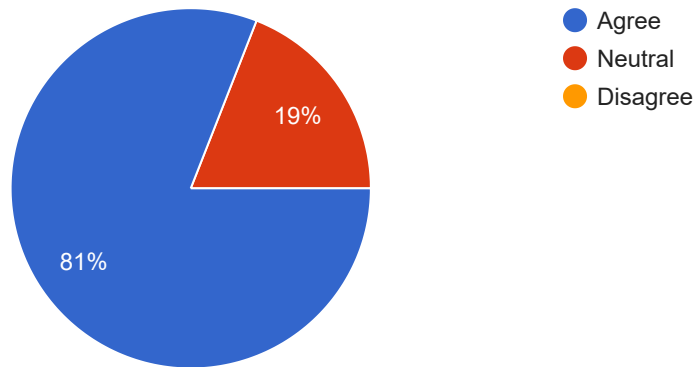

Participation in the project activities make a difference to teaching methods I had been using before.

21 responses

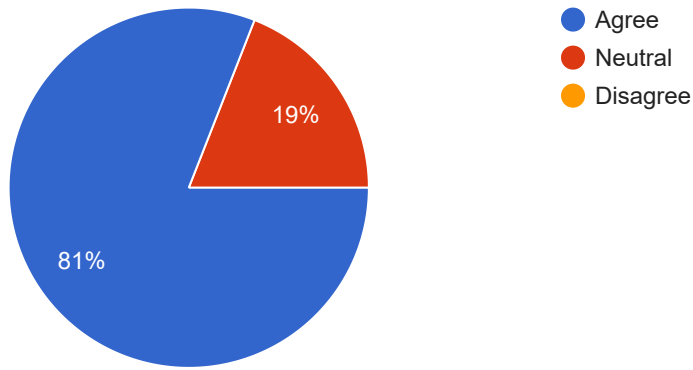

In the past six months, I have used more creative methods in my teaching than before.

21 responses

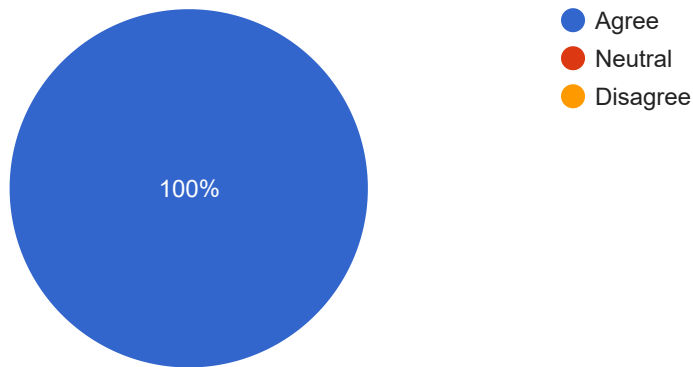

The project activities have been suitable for pupils with fewer opportunities.

21 responses

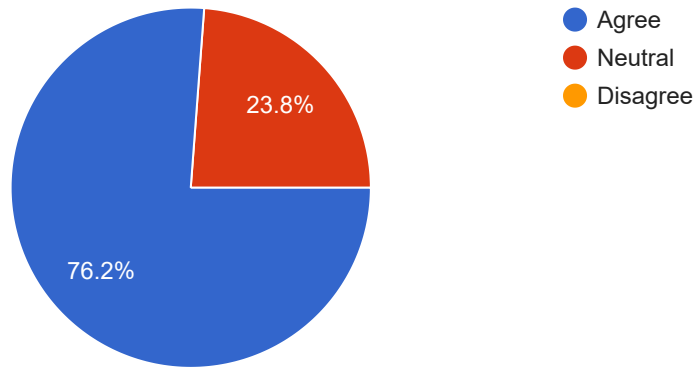

In general, activities in the past 6 months of the project have been well-accepted by my students.

21 responses

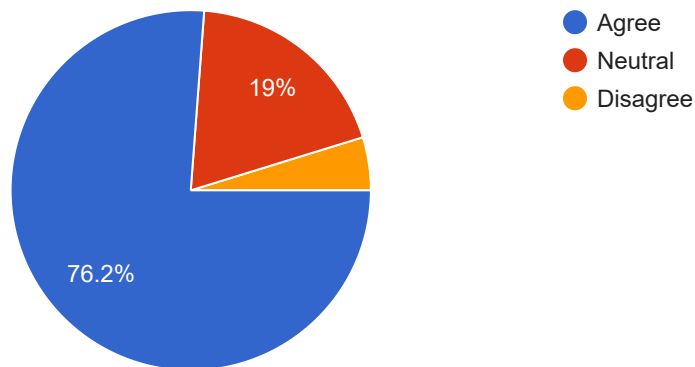

Activities in the past 6 months of the project have been well-accepted by students with fewer opportunities.

21 responses

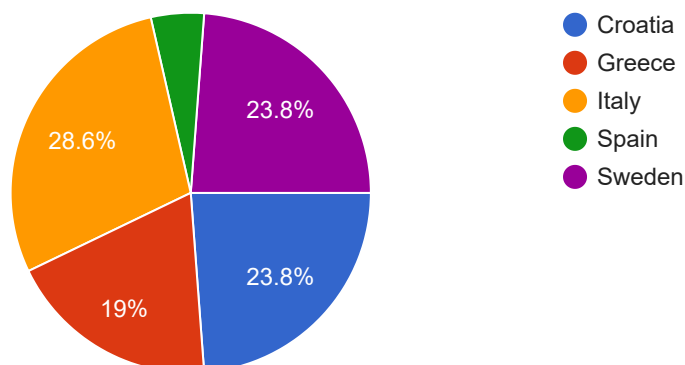

My pupils have expanded their knowledge about at least one of the project partner countries.

21 responses

Which country are you from?
