

In our opinion Hide and seek is
 the most interesting game in Jharkhand.
 We have played this game and we
 are still playing it in our free time.
 You never are awake, you have to
 hide from the one who is counting
 the time. When he or she finds you,
 you have to run to the place to be
 safe. If you are started to count at first, if you
 get more fast you win. You don't
 have to get any other win, because
 if you lose, then you are going to
 count the time this game and we are
 enjoyed to play it.
