Ore 13,00 Chiusura dei lavori
Laboratorio di sala: degustazione della *cuccia* e della *torta della sostenibilità*

The seminar aimed at three Global Goals

GOAL 1 - NO POVERTY: we received information about non-governative projects fighting to reduce poverty in Enna and in the world

GOAL 17 - PARTNERSHIP FOR THE GOALS : we met associations which work to reduce poverty at local and international level

GOAL 10 - REDUCED INEQUALITIES:

We talked about the ways to reduce inequality within and among countries

Actions for the Global goals

WE MET 3 ORGANIZATIONS WORKING TO REDUCE POVERTY

- **THE FIRST ASSOCIATION** : the «**MAYO-MWANA PROJECT**» is an integrated socio-sanitary project which supports poor people in Zambia, above all WOMEN AND CHILDREN.
- We saw the photos made by **Enrico La Blanca**, a volunteer photographer who has published the image-book «On the wings of the butterfly» after his experience on the MAYO-MWANA PROJECT. He talked about the everyday life of poor people in Zambia, thanks to his pictures.
- We read a letter sent by **Mrs Cristina Fazzi**, the doctor who founded the MAYO-MWANA PROJECT» and some students chose to read some extracts from her book «**NO MONEY NO TRANSPORT**» about the hard life in Zambia.

Actions for the Global Goals

THE SECOND ORGANISATION

«AFRICA MISSION - COOPERATION AND DEVELOPMENT»

The Civil Engineer Rosario Milazzo, volunteered for a year in the region of Karamoja, in Uganda, and presented the project which aims to support poor villages, above all building wells to offer people clean water at a short distance from their villages .

Actions for the Global Goals

THE THIRD ORGANISATION

«LA TENDA»

Volunteer psychologist, Ms Stefania Andolina, talked about the activities carried out by this charity organisation in Enna and the surrounding area.

It has been working in the last 20 years in favour of immigrants, poor families, single fathers, unemployed people of our city.

OUR CONCRETE ACTIONS

DECEMBER 2017

FOOD COLLECTION FOR «LA TENDA»

In our school a collection of food supplies was organised on the occasion of the seminar.

It lasted three weeks in December and before Christmas all the food and some stationery was donated to the Association «La Tenda» to be distributed to families and people in need.

The expectations of Italian students have been included in the PADLET

Hello to everyone, my name is Martina and I'm 15 years old. From this new experience I hope to learn much, to make new experiences and new friends. Moreover, I would like to discover what we have in common with other cultures.

I am a curious person and I want to know the others' ideas about the goals of Agenda 2030. I hope that this comparison will let us find some solutions together!

Martina

PADLET

alejandrobellido +1 • 1m

What do you expect from the Erasmus + Project?

Vincenzo Campione

By this Project I expect many beautiful things:

- to make new friendships;
- to visit new places;
- to enrich my cultural/working experience;
- to make new experiences;
- to learn to deal with people from other countries.

I think and I hope it will be a beautiful experience!

Javier Torralba Contreras

I expect that the Erasmus Project helps me improve my English and can give me a good experience.

First I think this Project is

Daniela Bevilacqua

I want to take part in this project because I love travelling, meeting new people, making new experiences and working in group. It could be useful to become more autonomus and to increase my knowledge of English.

We must not forget that this project will also serve the whole world.

I would like, together with the others, to be able to help the most unlucky, so that they can have a proper education or, why not, a pizza waiting for them at home.

Héctor Saiz Varea

Chiara Stivala

I was chosen for the Erasmus project, and I think this will be one of the experiences that will help me grow a lot. I will meet new people and also I will learn better foreign languages, especially English and French. Finally I think it will be an interesting experience because I will live with another family and I will know their habits .

Verónica Lozano Orón

I expect that the Erasmus Project give a new excelent experience to improve my English for my future job, meet new people and get connections

Martina Armeli

Hello everyone, I'm Martina and I'm 15 years old. I decided to participate in this Erasmus because I think it is a good experience, because not only I will leave my country, but I will also learn a new culture, a new language, I will meet new people and I will interact with young people in a language that is not mine. From this new experience, I hope to learn a lot, make new friendships and find out what we have in common with this new society. Moreover, I'm curious to know other guys' ideas about the goals of Agenda 2030 and I hope that this comparison will lead us to find a solution at least to help achieve

Elisea Miano

I was given the oppurtunity to participate in the Erasmus project and I am very happy. From this experience I expect to be able to change! I hope to be able to enrich my knowledge and expand my thinking. I am convinced that comparing traditions, languages and ways of living can lead me to inner growth. In conclusion, I think that knowledge and intellect develop through the comparison between individuals, consequently I also hope to be able to do a lot of training knowledge. Thanks for the opportunity.

DISSEMINATION

There are many different ways we can share our project's news and updates:

La delegazione del "Federico II" di Enna che ha partecipato in Spagna al primo "Transnational teachers' meeting" nell'ambito del progetto Erasmus +, "Agenda 2030: That sourchallenge!"

ENNA. W.S.) Nuovo progetto internazionale per l'istituto "Federico II" che ha partecipato al primo "Transnational teachers' meeting" tenutosi a Valencia, in Spagna, nell'ambito del progetto Erasmus +, "Agenda 2030: That'sourchallenge!". Il progetto avrà durata biennale e mira all'attuazione dell'Agenda Onu 2030 per lo sviluppo sostenibile del pianeta, suddiviso in 17 macro obiettivi da raggiungere entro il 2030, e sull'innovazione metodologico-didattica. Oltre al "Federico II", presente con la dirigente Giuseppina Gugliotta, la referente del progetto Concetta Maddalena e la docente Giuseppa Dell'Aera, membro del team di progetto, hanno preso parte all'incontro i dirigenti scolastici, coordinatori e i docenti degli istituti partners les

Clara Campoamor di Alaquas (Valencia), Protypo Gymnasio Zosimaia School di Ioannina (Grecia) e la Carlo Schmid Oberschule di Berlino.

Durante il meeting sono state pianificate le attività e le mobilità che vedranno coinvolti docenti e alunni dei quattro istituti; si inizia a febbraio con le quattro delegazioni che si incontreranno a Ioannina in Grecia, mentre a maggio verranno ospitati dall'Istituto Federico II che ha stipulato un'intesa con il Gal "Rocca di Cerere" e con l'università "Kore". Nel prossimo anno scolastico toccherà invece alle scuole di Valencia e Berlino. Mercoledì, intanto, l'istituto ennese sarà impegnato nella terza edizione del "Federico II on the road" per aprire ufficialmente l'anno scolastico.
