# *Project for goal 15 fertile soil*

- a workshop brings participants closer to the history of the earth
- soils are an important basis of life
- the floors are damaged, for example, by parking lots and erosions

- In this workshop you learn to make soil fertile again
- they explore and experiment with TERRA PRETA
- They observe with microscopes and produce a fertile soil

# What does this organization do?

- this organization is for students and teachers
- the students learn about the problems over the world and how to fix or reduce them
- the student university puts a lot of value emphasis on Sustainable Development goals

# *Events for schools*

- „learning for a Sustainable World" is the motto
- twice a year they open the FU campus for Berlin schools
- they offer 80 workshops in 6 different learning locations

# *What possibilities are there to work?*

- the team organizing the workshops consists of professors, university staff and students
- all of them are working in the area of comparative political science and environmental policy
