# THE SOIL ARTIFICIALISATION

A BIG PROBLEM :

**01**

GLOBAL  
WARMING

**02**

LOSS OF THE  
BIODIVERSITY

**03**

INCREASE OF  
THE RISKS OF  
FLOODS

**04**

DECREASE OF  
THE  
AGRICULTURAL  
LANDS

**05**

INCREASE  
OF THE  
EXPENSES

**FIRST, WE'LL GIVE 2  
ARGUMENTS TO WORK  
LESS AND THEN, 2  
ARGUMENTS TO EARN  
MORE.**

The background is a dark teal color with several abstract white line art patterns. One pattern in the top left consists of overlapping circles and arcs. Another in the top right is a grid of intersecting lines. A third in the bottom right is a series of overlapping, irregular shapes. A large, solid dark teal shape is on the left side, partially overlapping the grid pattern.

# 1ST ARGUMENT

"THE IFWE"

# "THE IFWE"

**IF WE WORK LESS, WE DON'T NEED TO GO TO WORK**

**IF WE DON'T NEED TO GO TO WORK, WE DON'T NEED TO  
HAVE TRANSPORTS**

**IF WE DON'T NEED TO HAVE TRANSPORTS, WE DON'T  
NEED TO BUILD ROAD AXIS**

**IF WE DON'T BUILD ROAD AXES, THERE AIN'T ANY SOIL  
ARTIFICIALISATION**

**SO IF WE WORK LESS, THERE AIN'T ANY SOIL  
ARTIFICIALISATION.**

The background is a dark teal color with several abstract white line patterns. These patterns consist of overlapping circles and arcs, some of which form a grid-like structure. The lines are thin and vary in density, creating a complex, organic feel.

# 2ND ARGUMENT

"THE SYLLOGISM"

# "THE SYLLOGISM"

AS THE HUMANS MAKE THE SOIL ARTIFICIALISATION  
AND WORK IS MAKE BY HUMANS,  
THE WORK ENGENDER THE SOIL ARTIFICIALISATION.

AS A CONSEQUENCE, IF WE WORK LESS WE DON'T  
MAKE THE SOIL ARTIFICIALISATION

# 1ST ARGUMENT

THE IFWE

# "THE IFWE"

IF WE DON'T NEED TO BUILD ROAD AXIS,  
WE DONT HAVE TO USE MONEY IN IT

IF WE DON'T USE MONEY IN IT, AND AS  
ABOUT 10 BILLION EUROS ARE USED IN  
THE CONSTRUCTION OF THE ROADS  
EVERY YEAR IN FRANCE AND THERE ARE  
ABOUT 30MILLIONS WORKERS IN FRANCE,

WE CAN INCREASE THE PAY OF EACH  
FRENCH WORKERS OF 333 EUROS FOR  
EXAMPLE.

# 2ND ARGUMENT

THE SYLLOGISM

# "THE SYLLOGISM"

AS THE SOIL ARTIFICIALISATION IS STOP  
WHEN WE WORK LESS AND EARN MORE  
STOP THE SOIL ARTIFICIALISATION,

WORK LESS MAKE US EARN MORE !

# CONCLUSION

IF WE WORK LESS, WE CAN  
STOP THE SOIL  
ARTIFICIALISATION AND  
EARN MORE MONEY.
