Promoting democracy through projects

"Becoming active citizens"

How can eTwinning projects promote democracy and make their participants become active citizens?

Among their core values already belong active participation, collaboration and intercultural communication. The learning event showed ways how active participation in the life of school and local communities could make a difference, how by taking concrete actions, helping others in volunteering activities pupils become open and socially responsible.

We dealt with current challenges, brainstormed for active citizenship ideas (school councils, volunteering), shared good practice and created a joint e-book of eTwinning activities supporting active citizenship.

European Vocational Skills Week 2016 -2020

A screenshot of a video conference interface. On the right side, there is a sidebar with options like "Sharing", "Discussion", and "Collabo...". Below that is a list of attendees: Branko ..., Leo Čuk, ana, Marko, Petra, Mateo Š..., Patricia..., and Paulina. Under "Attendees", it says "(9)". Under "Active Speakers", it says "(2)". Under "Hosts", there is a shield logo for "GIMNAZIJA I STRUKOVNA ŠKOLA BERNARDINA FRANKOPANA OGULIN". The main area shows a collage of several cups of coffee with different latte art designs. Overlaid on the collage is a black rectangle containing the text "Mislite li da je kava SKUPA?". To the right of the collage is a yellow banner with the text "EUROPEAN VOCATIONAL SKILLS WEEK 2020" and a red circle with "OFFICIAL PARTNER" and "EUROPEAN VOCATIONAL SKILLS WEEK 2020".
