

First part : Jaca - Castiello de Jaca

We went along Saint James way from Jaca to Castiello, by bike or on foot looking for treasures with a GPS what is called geocaching.

We finished with a bath and came back by the same way.

Second part: Canfranc-Villanúa

Next day we visited the International Station of Canfranc. From Canfranc pueblo we walked along the Saint James way again, until Villanúa.
