

FEBRUARY 2016

CIRCUIT SESAME NEWSLETTER

Dear all,
The app of the project is ready,

Download it with a QR reader in your phone!

This month our friends from Montarnaud have visited us.

At first it was not planned in the project, it's an exchange to practise winter sports in Jaca and aquatic sports next to Montarnaud. We've had a good time together and we're looking forward to meeting them again.

Spanish workshops

We are working in pairs or individually recording videos about the highlights along the saint James way and the surroundings. You can have a look following this link:

<https://www.google.com/maps/d/edit?mid=zdC9jxcbaW9s.kcSpFwnHCPmk>

We have recorded some videos about different flora and fauna species, as well as historical or religious points of interest marked with different symbols.

This month we are enjoying a bank holiday to practice winter sports called Semana Blanca.

We have already decided who is taking part in the mobility to Montarnaud. Have you? Are you already in touch with your partners? We could set an appointment to chat in etwinning.
