**Monday, April 4°**

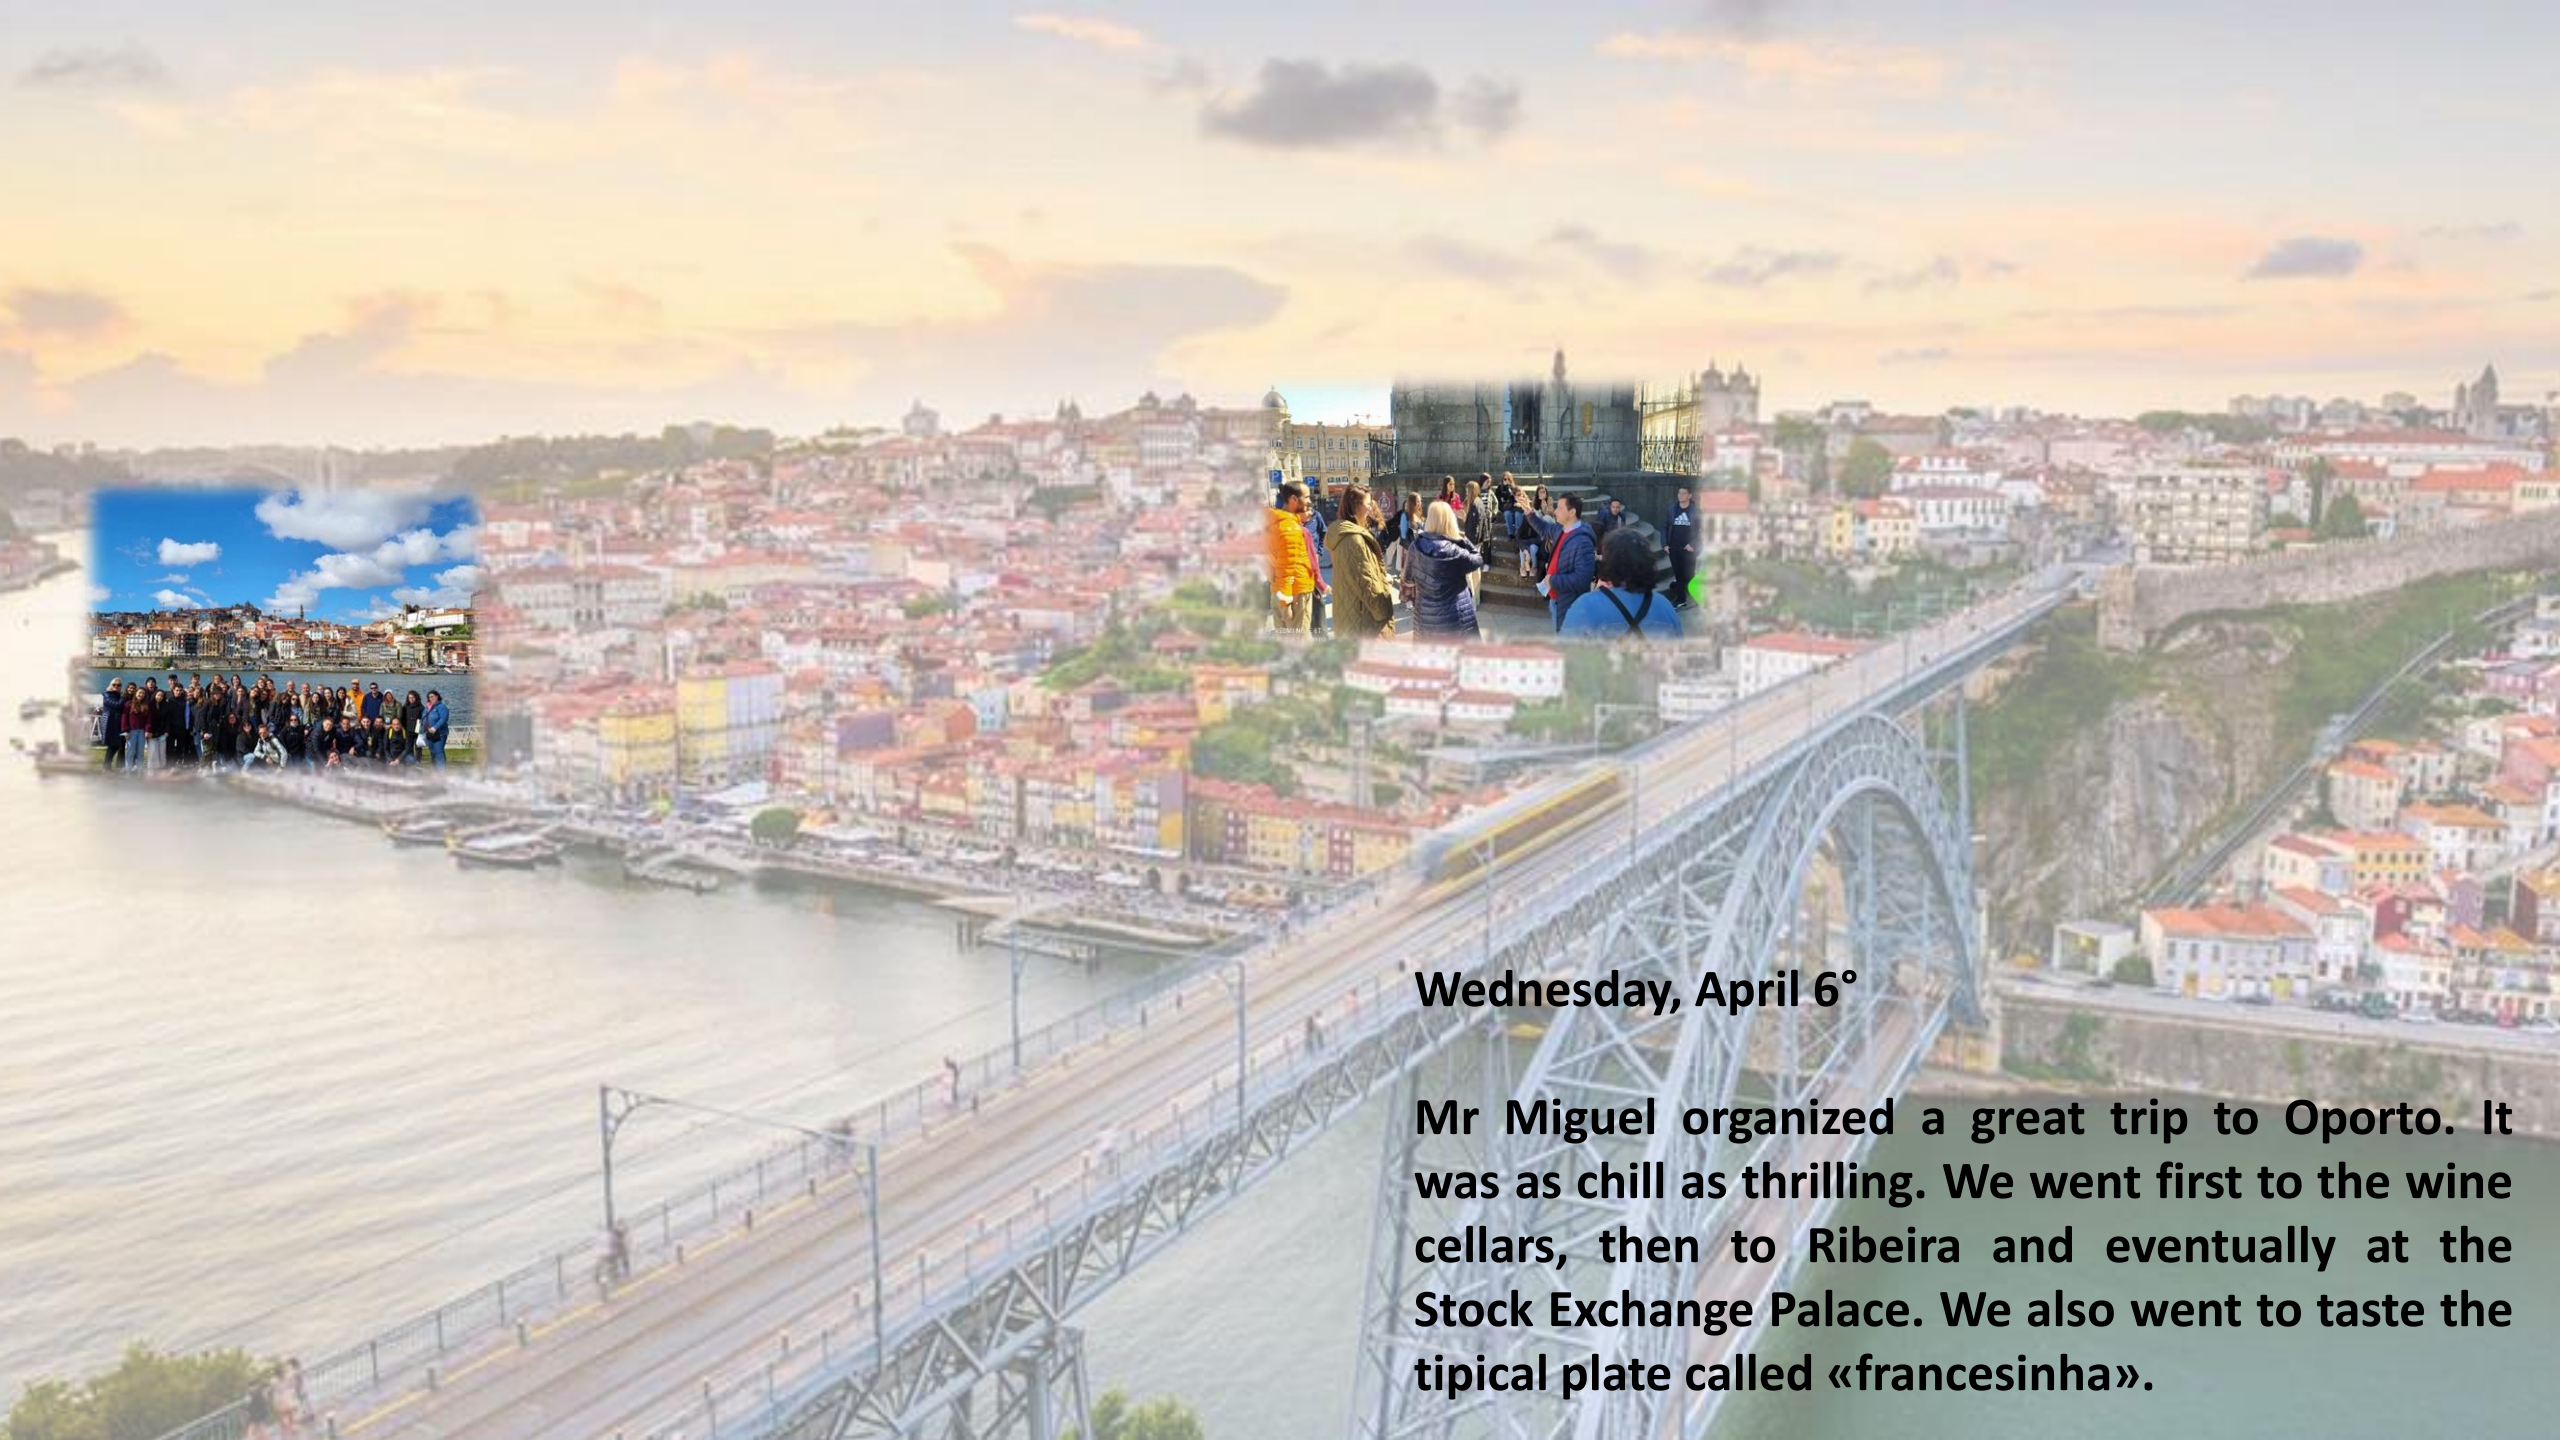

**First in the morning we've met all the other Erasmus students in the school. After getting acquainted with each other, the host team taught us some basic Portuguese terms and let us hear a special guitar performance played by a brilliant student. Late in the morning we went for a little city tour ended with a Moliceiro ride in the lagoon. Last thing we did was a visit to the salt fields.**

Tuesday, April 5°

First in the morning we visited the interesting District Archives where we were able to visualize several ancient documents that had just been digitalized. After that we went for even more exciting visits at the Ilhavo Museum and at the Codfish Aquarium. The amazing views of the place from the Beach area of Barra and Costa Nova are the last memories of the second Day-enjoyed

**Wednesday, April 6°**

**Mr Miguel organized a great trip to Oporto. It was as chill as thrilling. We went first to the wine cellars, then to Ribeira and eventually at the Stock Exchange Palace. We also went to taste the typical plate called «francesinha».**

**Thursday, April 7°**

**The last day in Portugal was characterized by Digital storytelling group workshop. Following a really engaging time, we presented our products and then we received our attendance Certificates.**
