

My experience in Clermont - Ferrand

This is not my first time in France, but it is the first time I visit Clermont - Ferrand.

A beautiful city with an amazing square, but my favourite place is the Cathedral; Notre-Dame de l'Assomption de Clermont.

My other favourite place is Chamalieres Hospitality School, with a lot space and very organized, I was very surprised because the students have very strict rules but they keep calm.

My favourite food is PIZZA!!

I chose the best food with my friends and other students.

The trip is coming to an end and I have met very nice people with a big heart. I really hope to see them again.
